

ISLAND CITY NEWS.

Island City, April 2.—(Special)—At a combined business meeting and social of the Epworth League held at the home of Mrs. C. H. Bidwell a few nights ago the following officers were elected to serve for one year.

President, Reba Williamson; first vice president, Mabel Perry; second vice president, Wilbur Zurbick; third vice president, Teresa Castle; fourth vice president, Mrs. A. R. Hunter; secretary, Alex Robertson; treasurer, Walter Clapp; organist, Lou Perrine; chorister, Grace Perrine.

Following the business session game were played and then refreshments served. The young people had their usual good time.

Last Friday evening Miss Allen's elocution class gave a very pleasing entertainment at the Island City church. Every reading was splendidly done, and the young ladies who took part showed that their training had been very thorough. To, in a small way, express their appreciation for the services rendered by Miss Allen and her class, a reception was given to them by the Alert class at the home of Mrs. Kiddie, immediately after the program. The program, as printed in the Observer Saturday, was rendered.

LADD CREEK HIGH.

Much Snow in the Mountains Causes Stream to Swell.

Ladd Canyon, April 2.—(Special)—The past springlike days have caused Ladd Creek to be quite high. There is quite a good deal of snow in the mountains yet and the creek already has all it can carry, and is overflowing pretty heavily in a good many places at the present time.

Miss Carrie Low has returned to her home in La Grande after a week's visit with Miss Frankie Peebler.

Miss Lulu Counsell, who is teaching a school southeast of La Grande,

Little Walter Peebler, son of Mr. and Mrs. Henry Peebler, is rapidly recovering from a severe attack of the chicken-pox. She made the trip on horseback.

Neutral in Delaware.

Dover, Del., April 2.—Members of the democratic state committee of Delaware assembled here today to decide upon the date and make other arrangements for the state convention at which delegates to Baltimore will be selected. It is understood that the delegates will go to the national convention without instructions. This is

due to the fact that prominent party leaders in Delaware are about evenly divided in their choice between Harman and Wilson.

The safest, quickest and most scientific method used for fitting Glasses is OPTOMETRY.

OPTOMETRY is the art of properly fitting glasses without using DROPS in the eyes.

In the practice of OPTOMETRY there is:

No LOSS of vision for near objects.

No blurring of the eyesight for distant objects.

No dryness of the THROAT and DIZZINESS experienced.

No PARALYSIS of the eye-muscle controlling near-vision.

No possibility for future weakness of the eye muscle to manifest itself.

No discomfort and inconvenience while awaiting the subsidence of the effect of the POISONOUS DROPS in the eye.

The scientific practice of optometry is devoid of all those manifestations which will always follow, at least in part, the installation into the human eye of PARALYZING POISONOUS DROPS.

The use and abuse of DROPS in the eyes is practiced by those fitting GLASSES, who DO NOT or WILL NOT comprehend and practice OPTOMETRY.

We use only the latest scientific methods.
