

Piano Announcement Extraordinary

65 Highest Grade Brand New Pianos Will Go to Club Members at Prices and Terms Unprecedented---Co-operative Club Selling Begins at Eilers Music House Monday Morning

Think of it! A fine, high-grade piano--strictly brand new and fully warranted--retailing regularly at \$300, obtainable on terms of only \$5 down and \$1.25 weekly--only a little more than 10 cents a day. Then couple with these unheard of terms the further fact that Club Members secure any \$300 piano selected for \$187.50, and we're sure you'll admit that the equal of this offer has never been witnessed anywhere--east, west, north or south.

We're going to dispose of 65 of the choicest and finest new pianos ever brought to this city on the Co-operative Club Plan.

By this method you join with others in wholesale buying. You co-operate with 64 others in practically one single, solid purchase--the same as sending one experienced, careful buyer to the factories and buying them all at one time. Naturally the prices would be a great deal less than buying singly. That's the principle of the Club Plan in a nutshell.

Extra Special Club Advantages

The club price includes everything. Besides, if a club member dies after the contract has been in vogue six months we give the heirs a receipt in full for the instrument. Furthermore, you get a free tuning and each club member is entitled to a special course of lessons ABSOLUTELY FREE with the Northwestern School of Music. A beautiful stool to match is included with every piano free.

- CLUB A--Members pay \$5.00 down, \$1.25 per week, and secure an elegant \$300.00 piano for \$187.50.
- CLUB B--Members pay \$8.50 down, \$1.50 per week and secure a \$425 piano for \$297.50.
- CLUB C--Members pay \$14.00 down, \$2.00 weekly and secure a \$550 piano for \$369.

Join whichever club best suits your convenience--make the initial payment and agree to pay the balance on the weekly club terms and the piano will be delivered at once--that is all there is to it.

Remember, membership books open Monday morning promptly at 8:30 o'clock. Be on hand early. Sample Rooms, Sommer Hotel.

If You Ride You Ride In Comfort ---

The wonderful little ball-bearing motor of "The Flying Merkel" is the most powerful for its size made. Being unusually flexible it can, by a simple turn of the wrist, be throttled down to five or sped up to from fifty to seventy miles an hour, according to the model. Perfect and absolute control of the machine under all conditions is further made possible by a Free Engine Clutch--a device similar in its operation to the clutch of an automobile. This Free Engine Clutch makes it possible for "The Flying Merkel" rider, when threading the traffic of city streets, to stop his motorcycle without stopping his motor. It also is of great assistance in negotiating sandy roads and in starting on a hill. The latter being practically an impossible performance without a Free Engine Clutch.

Treasurer's Call for City Warrants
 Notice is hereby given that there are now funds in the treasury to pay all warrants issued against water fund of La Grande city up to and including No. 10613 endorsed June 7, 1911. Interest on all warrants on water fund from No. 10427 to No. 10613 inclusive ceases from date of this call. La Grande, Oregon, April 9, 1912. RAY W. LOGAN, City Treasurer.

Another Good Reason SAFETY

Safety should be a big consideration in the selection of a light. Insurance tables show that kerosene lamps cause more fires than any other one thing, except defective flues. Nearly every day we read of fires caused by overturned or exploded lamps. There is no way of safeguarding them; they are always dangerous. Properly installed

Electric Lights

Aside from their many other advantages, are the safest lights known. Fortunately, electric lights are now so cheap it is unnecessary, as well as unwise, for you to take any chances with oil lamps. We are always ready to furnish complete information regarding rates for all kinds of lighting if you will call at our office, or phone Main 34.
