Getting Left

is what those misguided mortals are doing who buy wheels on the strength of their being "just as good" as the Columbia bicycle. There is no other wheel just as good and certainly none better. The Columbia wheel stands for all that is superior in bicycle construction — grace, beauty and ease of running. New stock just arrived.

MYSTERIES OF SCIENCE SHOWN

COMING OF RADIUM LIQUID AIR MAN IMPORTANT.

Tickets Go on Sale Tomorrow Morning for Splendid Treat.

Tomorrow morning seats go on sale for the Batty lecture on the three greatest mysteries of modern science — wireless telegraphy, radium and liquid air. The entertainment will be held in the high school auditorium and promises to be a treat of the first water.

W. O. Carrier, president Carroll college, Waukesha, Wis., says of this feature: "Your lecture was attended by nearly all the college faculty and students and a very large number of teachers and high school students and many of our prominent citizens, and for two hours your discourse on the illustrations of the working of wireless telegraphy, radium and liquid air was most entertaining and instructive. Your humor and description of the possibilities for the future were much appreciated as well as your revelation of scientific truth. Your lecture was profitable to all who heard it, and I am more than pleased to have had you with us."
