Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, it's the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

CONDUCTORS WILL BID
Spirited Bidding for New Local Passenger Run Lasting 15 Days

Advertisements have been posted for the old-time passenger conductors who may want the new La Grande-Baker local run. Jack Kerr took the train out yesterday. In 15 days the oldest man asking for the job will be given the permanent run and considerable speculation prevails as to who will ask for it. The main line passenger conductors are all in line for the job, and rumors have it that Chas. Norris is going to answer the advertisement in which event, if successful, he will return to La Grande from Pendleton where he is now located.

On the return trip last night the local carried 150 passengers out of Baker.

Now is the time to get rid of your rheumatism. You can do it by applying Chamberlain's Liniment and massaging the parts freely at each application. For sale by all dealers.

BITULITHIC MAKES GOOD
Popular Paving Strongly Endorsed by Ex-Mayor of Boise

That Bitulithic paving is worthy of the strongest claims ever made for it

by those advocating its use, is proven by the unqualified endorsement given this popular paving after years of wear, by men who are town builders, who realize that the best material is the cheapest in the long run. The following letter from Ex-Mayor Pinney, of Boise, is one among many such letters:
Pinney Theatre, J. A. Pinney, Owner, Boise, Idaho, April 14, 1912.
To whom it may concern: I wish to say that we have used bitulithic pavement in Boise for the past six years and from all appearances it does not show any wear, and the repair work on the same has been practically nothing, and the best of all, the horses can travel without fear of slipping in icy weather. This is more than we can say for out asphalt pavement, or any other pavement, and would recommend to any city or town where they are thinking of doing any paving, to put down the bitulithic by all means. The expense may be a little greater at the start, but at the end of five years you will find, as we have found it here, one of the cheapest and best pavements any one could put down.
I would gladly refer any one to the pavement which we have in Boise at the present time.
Yours truly,
(Signed) JAMES A. PINNEY,
Adv.-1t Ex-Mayor Boise.
