You are crowding more into a year now than the individual put into ten years a short time ago. That means that you must prepare your entire makeup for the strain.

Your manner of taking care of the digestive apparatus has not improved commensurately with the strain placed upon it. It is time to wake up and give this matter more attention. Would you expect a grain separator to do the proper work with a third of the teeth missing from the cylinder? Would there be a loss of efficiency? Apply it to the human body and see where you are.

**"SHERRY'S IS NEW THEATRE"**

**ISIS THEATRE TO DISAPPEAR HEREAFTER.**

**B. M. Sherwood Aims to Have "Sherry's" Best of Its Kind Ever.**

The Isis theatre is to be supplanted with the splendid new picture house known as "Sherry's." The process of moving all paraphernalia and equipment is now going on and hereafter instead of lights beaming from every corner of the Depot street show house those same lights, accompanied by many others will shine from the Ed O'Brien building, which has been fitted and improved for B. M. Sherwood the popular proprietor of the Isis.

"Yes, I am going to change the name of the theatre," said Mr. Sherwood to an Observer reporter today. "As you know, I am moving into the building that has been reconstructed for my business and henceforth the show house will be known as 'Sherry's.' You see, it's like this, every man's business is his pride as it should be. With me the moving picture business is my study, my industry, my business. Everyone calls me Sherry and so I have made a long story short and will call the new play house just plain 'Sherry's.' I am certain I will have one of the best picture theatres in the whole interior country and my aim in fitting the O'Brien building up as I have has been to give La Grande people the very best—for they are entitled to it."
