

A Stock Farm. Away Below Its Actual Value. Here Is A Chance Where Money Talks.

I have as good a stock farm as there is in Union county, 2,080 acres, of which 250 acres are in meadow and cultivation and between 50 acres and 100 acres more can be cultivated; the balance is fine grass land that speaks for itself. This farm has not been over pastured. Last year very little stock was permitted. Fine bunch grass, fenced, well watered, within 12 miles from La Grande. Fine roads 11 months in the year. Less than \$5,000 cash will handle this, the balance on very reasonable terms. If you are in any way interested in such a proposition you should lose no time in calling and permit me to show you this. The owner is a non resident and has priced this place to move it.

The last advertisement I placed in this paper brought a purchaser for the stock ranch bargain I advertised within ten days. This single insertion if read by stock men, will sell this farm. This farm is only to be inspected to demonstrate its merits and the price is as attractive as the farm itself. An auto will convey you to the farm in 45 minutes. Will you give me the opportunity of showing it?

Yours for Business,

Geo. H. Currey

Important Notice To Bankers, Merchants, Manu- facturers and Residents.

A complete up-to-date Metropolitan City Directory is now being compiled under expert direction, exclusively for La Grande. It will not embrace other portions of the county. La Grande is large enough, prosperous enough and sufficiently important to demand an up-to-date City Directory. Other cities of less importance and smaller population in Oregon have theirs. Why not La Grande?

The New Directory will contain accurate information of all character appertaining to this City; in other words, it will be a complete Directory containing the names of every resident of La Grande, showing his or her occupation together with their specific place of business and residence.

The publishers will place this valuable work upon the market at the low price of \$1.50 by subscription only.
Business men will readily recognize the great value of using the La Grande Directory as a most profitable advertising medium.

YOUNGEST MAN

(Continued from page 6.)

For several years, as a kid, he chased flies for Lou Nordyke's bunch, and threw balls to warm up pitchers in the Northwestern league. Nordyke taught him all he knows about the game, and by the way this is his first appearance as a first baseman. Nordyke sent Walters to Pendleton before the present season opened, as a right fielder, but Garret was full up and he came over here after spending about 12 days with Jess' aggregation. The only youngster in the league that can come close to him in the age proposition is on Rader of endleton's club who is only a few months older. Walters fields a ground ball well, hits well and instills confidence with his fielding. No changes are need about first for a while yet anyway, and the

fans are behind him which helps a little with youngsters.

Another youngster that is breaking into league baseball—albeit there has been any symptoms of leagu ball yet in this neck of the woods—is Cosgriff, a young fellow from Ruby, North Dakota. He gained notoriety there with high school teams and drifted out to Great Falls in the Union association where he was released to Ogden and from rOgden he came here after spending a few days there at the time the season opened. Yesterday he was switched to short and works as well there as anywhere and in addition to his ability as a ballplayer third in the point of age in the league today.
