Fight to Save Murderer's Life.
Boston, Mass., May 23.—Counsel for Bertram G. Spencer, who was convicted

of the murder of Miss Martha E. Blackstone at Springfield two years ago, appeared before the full bench of the Massachusetts supreme court today to make a final appeal to save the condemned man from the electric chair. Spencer's lawyers, in support of their plea for a new trial, contend that evidence of the prisoner's insanity, produced by competent alienists, was disregarded by the trial jury.

Miss Blackstone's murder, while she was sitting at the table of friends whose home Spencer had entered to burglarize, and Spencer's subsequent arrest in April, 1910, culminated a series of breaks and robberies which had most of the city of Springfield a-sew with fear for a long time. After his arrest Spencer confessed to killing Miss Blackstone and also admitted his guilt of a score or more of burglaries. For nearly a year after his arrest he was confined in an insane asylum for observation. At the end of that period the experts declared him to be sane and he was tried and convicted of the murder.

SHERRY'S OPENS ON SATURDAY

ELEGANT HOUSE TO BE OPENED
WITH POMP.

Preliminary Ceremony to Mark Opening of Splendid House Here

Sherry's new house—conceded by all to be the most elaborately and elegantly furnished picture house in the state not barring elegant Portland houses—will be opened next Saturday evening. The exterior of the place has been completed and the finishing touches are being given the interior—a beautiful house it is, indeed. Manager Sherwood has a little ceremony planned for the opening night and will have his regular run of films to entertain. The house both within and without and in the mechanical phases, too, is the last word in moving picture architecture and mechanical skill and lighting. The big sign was lighted last night for the first time.

The Evolution of Travel.

New York, May 23.—To demonstrate the evolution of transportation methods, especially in the United States and Canada, is the object of the Travel and Vacation Exhibition, which was opened in the Grand Central Palace today under the auspices of the Transportation club of New York. The exhibition, which is the first of its kind ever held in this country, will continue for one week. Many historical relics, originals and models, lent by the navy department, the Smithsonian Institution and numerous steamship and railroad companies are included in the display. The sledges used by Peary in his trip to the North pole are to be seen among the exhibits relating to exploration. Another section is devoted to the exhibition of appliances for minimizing accidents in railway and steamship travel.

Texas Expects Big Grain Crop.

Fort Worth, Tex., May 23.—Dumper grain crops are predicted for the grain dealers, who assembled here in large numbers today for the 14th annual meeting of their state association. The convention will be in session three days, with James C. Hunt of Wichita Falls presiding.

Had a Nice Trip.

A letter to this paper from Mrs. George Ackles of Portland says that herself and husband have just returned to Portland from a lengthy visit in California which they enjoyed very much. Mr. Ackles health is greatly improved from the trip.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin, below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin

troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it. Of course all other druggists have D.D.D. Prescription—go to them; if you can't come to us—but don't accept some big profit substitute. But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.
