HOME PAVING CONCERN PRAISED

Portland, Ore., May 24.—(To the Editor of the La Grande Evening Observer)—I have taken great interest in the movement in the city of La Grande for the paving of streets and the beautifying of the city. I now take this means of congratulating the enterprise and public spirit of its citizens on the forming of a local paving company, as well as upon the many other improvement promotions outlined for this year.

Experience in many other localities, both in the northwestern part of the United States and in Canada, has taught me that behind the growth of a community must be a progressive and enterprising local people.

such evidences of public spirit and enthusiasm as are daily being shown by the business men of La Grande. Never in my experience have I seen a more substantial or brilliant prospect ahead of any community than the one on which La Grande is just entering. Our company is engaged in promoting not only the Connardale addition, but the interest of the city of La Grande and the Grande Ronde valley as well.

The paving of Washington avenue will greatly enhance the value of property in that district, and I congratulate the people of La Grande upon their prompt and efficient action.

vital steps in the program has been taken with the forming of the Home Paving company and it is to be hoped that their success will keep pace with the growth of the city. With best regards, I am, very truly yours, G. T. Scollard, Mgr. La Grande Development Co.
