KELLACKEY A MENTAL WRECK

FORMER MANAGER SUFFERS WITH DISEASE.

"Dad" Gimlin Now Has Boise Team—La Grande at Walla Walla Now.

Fever racked, his mind twisted and a nervous wreck in the worst sense of the word Hugh Kellackey was taken to Boise today from Walla Walla in charge of his former team-mates who are now under the managerial reins of "Dad" Gimlin, the veteran Ogden manager who has been play center-field for Boise. Kellackey—one of the most genial managers and level-headed generals one could wish to find—was taken suddenly ill while in La Grande a week ago and though he said little about it, was really in a precarious condition. On reaching Walla Walla he grew worse, and Mr. Gimlin was put in charge. Well substantiated rumors have it that Gimlin will keep the job even though Kellackey should recover. The former manager is in a serious condition; he recognized no one this morning and is in a bad way indeed. Why Gimlin should be slated to keep the job in the event Kellackey recovers is not made known.

Pendleton Team Goes East.
Jess Garrett's trojans and the Boise team were passengers this morning on their way to Boise to open the next series there. As neither the Pendleton or Walla Walla series went the limited six games, the past week has been anything but bright hued in a financial way. It rained Saturday and Sunday and no games were played.

La Grande at Walla Walla.
La Grande went to Walla Walla today and opens there tomorrow. Geo. Enz, with Los Angeles last year, has been signed. He is a southpaw, and in addition to Enz, another shift has taken place in that Cosgriff the speedy shortstop, has been let out and Naughton has gone to short.

S.S.S. CURES BLOOD POISON

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S. S. S. should be taken, for the trouble is too powerful and dangerous to trifle with. It allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S. S. S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S. S. S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S. S. S. has thoroughly purified the circulation no trace of the disease is left. S. S. S., a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Why Not Candles?

Sometimes people say: "Yes, electric lights are very nice but they cost more than kerosene lamps and we can't afford them."

If low cost is your only requirement in a light, then why not go back to candle? They are cheaper still. You get about what you pay for in light, as in anything else. If you pay "candle-price" you get candle light. If you burn kerosene lamps, you have to put up with their shortcomings. But when you pay for electricity, you get LIGHT—plus, CONVENIENCE, SAFETY AND HEALTHFULNESS.

Electric lights are worth the difference. Measured by what you get—the only fair standard—they are really cheaper.

Let us tell you about the new globes which give more light for less money.
