SELLS FLOTO CIRCUS

CIRCUS WITH 1001 WONDERS

25¢ TO SEE ALL

Free Circus Street Parade 10:30 a. m. 9 bands, 250 horses, open dens of wild animals, elephants, camels—400 people of all climes in native costumes will be shown in parade. Two shows daily—afternoon at 2, night at 8, doors open at 1 and 7 p. m. Waterproof tents. Admission 25 cents to see it all.

SATURDAY NIGHT ATTRACTION AT THE STEWARD.

Hartman and his chorus girls in "The Campus" at the Steward next Saturday night.

"THE CAMPUS DATE WRONG"

SHOW COMES ON SATURDAY EVENING, THIS WEEK.

Friday Erroneously Announced as the Date of Comic Opera.

Error in dates for the coming of "The Campus" has prevailed in the Observer and minds of others for several days—the attraction comes to the Steward on Saturday night rather than Friday as erroneously announced earlier in the week. The tickets were placed on sale this morning—not yesterday morning—and Manager Steward calls attention to this correction. While it has not been finally announced, it is probable that there will be a 9 o'clock curtain in view of the fact that the show comes on Saturday evening.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a tea-spoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case that fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

By the use of modern methods much of the dental work which is done today is painless and the balance is much less painful than heretofore. New anaesthetics are appearing on the scene and methods of operating which were not dreamed of a few years ago are employed by those who keep abreast of the times and greater ease is rendered to the human family than was possible a few years ago. You no longer hesitate to have a nerve removed from a tooth for you know it can be done with so little pain that it is not worth mentioning. We are ever at the service of the public.

Why Not Candles?

Sometimes people say: "Yes, electric lights are very nice but they cost more than kerosene lamps and we can't afford them."

If low cost is your only requirement in a light, then why not go back to candle? They are cheaper still. You get about what you pay for in light, as in anything else. If you pay "candle-price" you get candle light. If you burn kerosene lamps, you have to put up with their shortcomings. But when you pay for electricity, you get LIGHT—plus CONVENIENCE, SAFETY AND HEALTHFULNESS.

Electric lights are worth the difference. Measured by what you get—the only fair standard—they are really cheaper.

Let us tell you about the new globes which give more light for less money.
