IT'S PAINTING TIME.

Nature puts on new clothes in the springtime, and wise house owners are careful to put a new coat of paint on their wooden structures in the spring time too. We have the best paint for the purpose—a smooth, solid body paint that is made of pure White Lead and linseed oil. It covers a large surface and it covers it to last well in all weathers. Various sized tins and prices.

HAVE YOUR NEW HOME Wired for Electricity

Practically all the new houses being built in La Grande this summer will be wired for electricity.

That is as it should be. Electric lights are recognized as the only satisfactory lights for the home. They are as essential as plumbing. They will pay you big dividends in health and happiness. But if you happen to live in a rented house, that is no reason why you should be deprived of their use. The cost of installation is so small, and the benefits so marked, that you will wonder why you never insisted on them before.
