

# S.S.S. MAKES A LASTING CURE

Not only its proven ability to cure, but its absolute safety as a remedy, has made S. S. S. the most extensively used of all medicines in the treatment of Contagious Blood Poison. Unlike the strong mineral mixtures, which temporarily remove the outward symptoms and shut the disease up in the system, there to carry on its destructive work on the delicate and vital organs, S. S. S. strikes directly at the root, and by purifying the blood of every trace of the virus, completely and permanently cures the trouble. S. S. S. is Nature's blood purifier, harmless in its action and certain in its good results. It is made from a combination of roots and herbs, each of which has a definite and specific action in purifying the blood. Years were spent in selecting and proportioning the different ingredients, but when S. S. S. was perfected it soon demonstrated its superiority over all other blood medicines, and now, after 40 years, it is still the one and only certain cure for Contagious Blood Poison. While driving out the poison from the circulation S. S. S. builds up and strengthens the system by its fine vegetable tonic effects. If you are suffering with Contagious Blood Poison S. S. S. is your most certain reliance, and because of its freedom from mercury, potash or any other mineral, it is absolutely safe for every one. ## BUCKAROO IN JOCKEY SADDLE

Using a jockey saddle to ride bucking horses is unusual and a stunt that few would care to undertake. Generally when the attempt is made to subdue the outlaw equines a heavy saddle is set and the saddle is always equipped with high rear rest and a heavy pommel. With the 101 Ranch Real Wild West show which will be here on June 19 there are three riders, one of whom is a woman, who ride the fractious bucking horses and they all use only the small jockey saddle. While the show has over a score of cowboys and cowgirls who are able to ride on anything that can be ridden by man or woman these three people are the only three as far as is known who have ever dared to ride the outlaws with only a jockey's saddle to cling to. The opportunities of conquering are all in favor of the horse and the danger of being thrown are greatly increased and no one knows this more than those who have tried to ride buckers or even any nervous horse.

There are no horses with the 101 wild west show that are educated to buck. In fact despite what some people believe there are no exhibition horses taught to buck. It is natural for them to do so and in truth they know nothing different. They are arduous and with all the vigor and strength they possess they fight being ridden. Those who are familiar with horses claim that a real bucking horse cannot be subdued until he has been ridden to death and there are some with the show which is to exhibit here that carry out this belief.
