SPOILED FRUIT BRING RETURNS

RAILROAD COMPANY RE-IMBURSES ES COVE GROWERS.

Car of Fruit Spoiled and Exchange Forces.

Cove's fruit association, through its secretary, Karl J. Stackland, loudly praises the Northwestern Fruit exchange, in a letter to the Observer which says:

"On October 7th last, the Cove Fruit association shipped a car of apples, containing 640 boxes, consigned to the Northwestern Fruit Exchange at Saskatoon, Sask., where it arrived in a badly damaged condition, caused by the soot and fumes from the oil heaters that the railroad people had placed in the car to protect it from freezing. Consequently the car was refused by the buyer and left on the hands of the Canadian Pacific, who sold it at Winnipeg for the account of transportation. Since that time the Northwestern Fruit Exchange change has been fighting the railroad company for redress and finally succeeded in collecting the full invoice price for the fruit and remitted the same to us on the 3rd of June, without any charges for pushing this damage claim and effecting this collection.

"The whole history of the transaction makes a commendable showing for the exchange and we congratulate ourselves in having the opportunity of such a connection."

IT'S PAINTING TIME.

Nature puts on new clothes in the springtime, and wise house owners are careful to put a new coat of paint on their wooden structures in the spring time too. We have the best paint for the purpose—a smooth, solid body paint that is made of pure White Lead and linseed oil. It covers a large surface and it covers it to last well in all weathers. HAVE YOUR NEW HOME Wired for Electricity

Practically all the new houses being built in La Grande this summer will be wired for electricity.

That is as it should be. Electric lights are recognized as the only satisfactory lights for the home. They are as essential as plumbing. They will pay you big dividends in health and happiness. But if you happen to live in a rented house, that is no reason why you should be deprived of their use. The cost of installation is so small, and the benefits so marked, that you will wonder why you never insisted on them before.
