AID SOCIETY FIELD IS WIDE

PORTLAND BOYS' AND GIRLS' SCHOOL HELPS.

Many Children Are Given Homes and Proper Attention Each Year.

J. G. Kilpack of the Portland Boys' and Girls' aid society who is now in La Grande says that the figures which he gives below convey but a slight impression to an outsider of the work that is really being done for the neglected children in Oregon. Mr. Kilpack says that in only two cases has he had to recall the wards because of conditions not conducive to their welfare. He also states that delinquency is on the increase and gives immorality as the leading cause of his investigations.

Mr. Kilpack was the state representative at the National Conference of Charities and Correction at Boston recently and after that he crossed the Atlantic and was given the opportunity of studying the methods used there in the care and correction of the neglected children. He found many of the methods used there could be copied here with great advantage while some were not as favorable as our own.

The outsider little realizes what a great work this is and how deserving of help and support from all the people. The report to the superintendent at Portland below will show in a measure that a great work is being done.

IT'S PAINTING TIME.

Nature puts on new clothes in the springtime, and wise house owners are careful to put a new coat of paint on their wooden structures in the spring time too. We have the best paint for the purpose — a smooth, solid body paint that is made of pure White Lead and linseed oil. It covers a large surface and it covers it to last well in all weathers. Various sized tins and prices.

HAVE YOUR NEW HOME Wired for Electricity

Practically all the new houses being built in La Grande this summer will be wired for electricity.

That is as it should be. Electric lights are recognized as the only satisfactory lights for the home. They are as essential as plumbing. They will pay you big dividends in health and happiness. But if you happen to live in a rented house, that is no reason why you should be deprived of their use. The cost of installation is so small, and the benefits so marked, that you will wonder why you never insisted on them before.
