COUNCIL ORDERS IMPROVEMENTS

OAK STREET TO BE PAVED ONE BLOCK

Cedar Street Graded and O Avenue Wants Paving at Once.

Improvement of streets and preparation to purchase a modern fire alarm system occupied most of the attention of the city council last night at its regular meeting when the mayor and all councilmen were present. On July 3rd remonstrances will be in order for the street improvement of North Second street, already done but held to have been illegally ordered. Gasoline ordinance governing the storage and handling of gasoline in the city limits is under preparation and will probably be presented at the next session of the council.

Routine steps were taken to grade much improvement wanted. Cedar street, from Main to Spring, and construct cement sidewalks on either side. Bids are ordered advertised for and the work will be rushed with utmost speed as it will facilitate matters to have the grading done at the time the Main avenue hill is leveled.

Oak Street to Be Paved. For the distance of one block, Oak street is to be paved with gravel bitulithic. All the owners of property save two between Main and Spring on Oak last night prayed for an improvement district and paving and all the necessary details to secure it for them were gone over. At the same time property owners on O street from Fourth to Seventh asked for paving and all these will be put to remonstrance in due course of time.

There were no remonstrances last night to the sidewalk wanted on Sixth from K to G. In fact, there were no

remonstrances to anything along the improvement line. Bids for this work will be opened next week.

The fire alarm system was discussed and it appears there are but two companies that are equipped to meet underwriters' requirements. Bids will be opened next week and specifications accompany each bid. The fire alarm system will reduce the insurance rates very materially and the council is anxious to have it installed. It will require about three months to put in operation such a system, after it is ordered.

It doesn't look like a pennant race in the National league with the Giants far out in front.

B. B. NUTTTER,

IT'S PAINTING TIME. Nature puts on new clothes in the springtime, and wise house owners are careful to put a new coat of paint on their wooden structures in the spring time too. We have the best paint for the purpose — a smooth, solid body paint that is made of pure White Lead and linseed oil. It covers a large surface and it covers it to last well in all weathers. Various sized tins and prices.

Iron Where It's Cool

Don't do your ironing in a hot kitchen; use an electric iron and iron in the coolest room in the house. Wherever there is a light socket, you can use an electric iron.

You will be able to do your ironing in about half the time it takes now, for you don't have to change irons or wait for them to heat. Your clothes will look better too, for there's less likelihood of scorching them.

Another thing: You'll find it costs less to heat an electric iron than the old fashioned kind. So everything is in favor of the woman who irons with electricity.

We keep all sizes and styles of electric irons constantly on hand, and you will find our prices very modest.
