

NOMINATION OF CANDIDATE IS NOW IN ORDER

PLATFORM IS ADOPTED AT SIX O'CLOCK TONIGHT

TEMPORARY OFFICERS MADE PERMANENT EARLY

All Credentials in and Report is Adopted, All Taft Men Being Seated—Demonstration for Roosevelt Lasts Fifteen Minutes but Dies Out Without Results.

The Coliseum, June 22.—Every detail of the credentials committee report has been adopted, and the temporary chairman and officers of the convention were made permanent. The convention is perfectly organized and ready to adopt a platform and nominate a candidate.

Chicago, June 22.—Warren G. Harding of Ohio placed the name of William H. Taft in nomination immediately after the call for nominations.

Chicago, June 22.—At 5:55 the call for nominations was made. It appears now that the convention will not adjourn for dinner. If it goes over, the nomination will be made before the clock has to stop.

Chicago, June 22.—5:40 O'clock by Chicago Time.—The national convention adopted its platform and is now ready to receive nominations for the presidency.

Chicago, June 22.—Following Chairman Hill's cutting of the convention to order and the invocation by Rev. John Wesley Hill of New York, the credentials committee presents a majority report favoring the seating of the Taft delegates at large from the Mississippi district, over a minority report, by a viva voce vote.

Rev. Hill has been very active in campaigning for Taft. The Pennsylvania delegates laughed when he was announced, but all stood reverently attentive during the opening prayer. When he prayed that the country be spared from "restlessness and disturbances" there was a titter from the New York delegation and as he concluded someone in the Pennsylvania delegation shouted "Toot, Toot" and a laugh went up.

The Pennsylvania delegation started a variation of the old song, "I'm Dr. Brown's Medicine" which went as follows: "We hang Boss Penn on a sour apple tree." In the next verse they substituted the name of Senator Crane. Taft delegates were later placed on a permanent roll in the second, fifth, sixth and seventh Mississippi districts by a viva voce vote. There was much disorder when the vote was taken, but the committee was unanimous in continuing on the temporary roll of delegates seated by the na-

Rare Coins Of Old Age

EXPERT IDENTIFIES DR. UNDERWOOD HAS COIN OF CENTURIES.

Some of Them Date Back 2200 Years and More Says Expert.

Dr. H. L. Underwood is in receipt of a letter from the Smithsonian Institution at Washington, D. C., concerning several ancient coins which came into his possession while in the Orient and which he recently forwarded to Washington for identification. The expert who identified them returns the following descriptions:

No. 1. Roman bronze coin. Byzantine Empire. Struck about 590 A. D. during the reign of Justinian I.

No. 2. Roman bronze coin of the Byzantine Empire struck during the reign of Emperor John I. Zimisceas between 969 and 976 A. D.

No. 3. Ancient Greek silver coin struck about the time of Alexander the Great 336 to 323 B. C. The obverse bears the head of the god Hercules and the reverse the god Zeus seated on a throne.

No. 4. Ancient Oriental bronze coin of Turkish origin struck probably about 1150 A. D.

Number three is of especial interest not only from its great age—over 2,200 years, but because it was found by the doctor in exactly the region traversed by Xenophon and his ten thousand Greeks in their famous journey from Mesopotamia to the Black Sea—the Anabasis—so familiar as a text book in our schools and colleges.

Anyone who may be interested may see these rare old coins at any time after their arrival from the Smithsonian Institution.

national committee in the fourth, North Carolina, and the third Oklahoma and second Tennessee districts. This action was approved by a viva voce vote.

Washington Taft Men Seated. A minority plan to substitute Roosevelt men for the Taft delegates in the Washington state delegation, was defeated in a viva voce vote and the credentials committee report adopted.

While the Pennsylvania man with a telephone shout ed: "I nominate Jim Watson of Indiana for coroner." Watson grinned. The Roosevelt delegations started a demonstration for Roosevelt. They shouted in unison: "We want Teddy, we want Teddy." They soon had a chanting chorus swinging through the hall. The galleries were kept under control by the police so that the spectators were unable to join in the demonstration, but it lasted only a short time.

The credentials committee report on the Texas delegates at large was adopted and at 1:40 p. m. the credentials committee report on all the Texas delegates was adopted. At 2:35 p. m. the report of the credentials committee was completed in every instance. The name of the delegate placed on the temporary roll by the national committee was confirmed.

Johnson Quits Convention. Governor Johnson has walked out of the republican convention as he does not care to see a continuation of the outrages being perpetrated.

At 2:45 p. m. the temporary convention officials were made permanent. The Roosevelt demonstration started just before 3 o'clock when Delegate Henry Allen of Kansas announced he had a brief statement from the former president he desired to read. Delegates from the Roosevelt state leaped to their feet and a tumultuous applause drowned out Allen's attempt to read. It lasted 15 minutes and was a tremendous affair.

The statement which Allen read was one in which Roosevelt condemned the majority of the national committee.

SIMPLY QUIT ULTIMATUM OF ROOSEVELTERS

"FIGHT NO MORE, AND PLEAD NO MORE" SAYS EDICT

NO MINORITY REPORT IS TO BE PRESENTED

Roosevelt Holds a Long Conference With Steam-Rolled Delegates This Afternoon Hearing Cases of Each—Crowds Cheer Colonel on He Answering With His Smile.

Chicago, June 22.—"Non-participation," is the plan of the Roosevelt men in the national convention, reduced to writing. The Roosevelt leaders declare they will fight no more, plead no more, and declare they will not be bound by the actions of the majority and characterize all acts of the convention as illegal.

Following a meeting with 80 Roosevelt "steamrolled" delegates this afternoon, Roosevelt issued a statement in which he charged a majority of the national committee, under direction and with the encouragement of President Taft, had been guilty of fraud in selecting Taft delegates and expressed the hope that Roosevelt would not vote in the convention. He said if they did, he hoped they would vote for him.

The colonel's supporters have also decided to present no minority report on the platform. It was announced that the committee had made a number of concessions to the progressives.

Roosevelt smiled broadly as he today when he went to the open accusation of disingenuousness on the part of the delegates.

He remained in Chicago a day or two after the convention has adjourned, conferring with the men on whom he will rely to support the "national progressive party."

Roosevelt delegates not seated in the convention, were called into the Roosevelt conference room at the Congress hotel and it was announced that all unseated delegates would explain their cases to him in detail. It is rumored at this meeting that a mass meeting of Roosevelt followers was planned.

An incident in the breaking up of the regular republican party organization, was announced resignation of members of the national committee, who are favorable to Roosevelt. Senator Borah announced he would serve no longer. Frank B. Kellogg of Minnesota, resigned today, following the resignation of "Bill" Flynn of Pennsylvania and committeemen from several other states.

BOYD DEPOSED AND WILLIAMS GIVEN OFFICE

OREGON'S TEN ALL BUT COME TO OBLOWS TODAY

MUCH CRITICISM EXPRESSED OVER BOYD'S ULTIMATE DEFEAT

Bruce Dennis Tells of Election of National Committeeman From Oregon Wherein Boyd of Enterprise Is Finally Ousted, Even to the Chairmanship of Delegation.

(By Bruce Dennis.)

Chicago, June 22.—With the steam roller tactics and the weight of Taft's administration behind him, R. E. Williams today deposed Daniel Boyd of Enterprise as national committeeman from Oregon and elected himself. Boyd was fairly and squarely elected by the delegation two days ago, greatly to the disappointment of Williams who since then has been using every federal pressure possible to get a reconsideration of the vote. Today Hale joined Williams and another election was ordered which resulted in not only deposing Boyd as national committeeman but also as chairman of the delegation which place he has filled until today. Boyd, Swift, Coe and Ackerson refused to vote at the Williams caucus of the delegation. Bitter feeling prevails among the Oregon ten.

Harsh words were spoken and for a time it looked as though something might happen. Friendships are open accusation of disingenuousness on the part of the delegates. Smith, Bynon and are freely made.

Taft will be nominated today unless Barnes, Penrose and Crane can find a way to nominate a dark horse. They do not want Taft but are afraid to desert him for fear the convention will go to pieces and nominate Colonel Roosevelt.

Roosevelt men will not bolt, but at present it is believed they will not cast a vote for any presidential candidate, thereby relieving them of the odium of being parties to the work of the national committee and illegally elected delegates.

High Dive Saves Life

BRUISES ARE SLIGHT BULGARIAN LEAPS TO SAFETY FORTY FEET.

When Caught by Train on Trestle, He Leaps to Bottom of Ravine.

A wild leap of 40 feet from a trestle to the rocky ravine below yesterday morning saved the life of a Bulgarian, Mike Gerole, when he escaped death by being struck by a train through a mad leap into space. He was crossing a trestle near Kamela when a train suddenly glided near and without time to run back or save himself in any other way, he leaped to the bottom of the cut. The fall to the rocky bottom injured him some but he will live. He was rushed to La Grande for treatment and it was found that aside from a few internal injuries, a sprained and bruised wrist and ankle, he is all sound. The jump stands as a miraculous escape for the premeditated leap would have killed nine out of ten men, say the trainmen who saw him jump.

TAFT PLATFORM READY. Recall of Judges Tabooed, but Constitution Act Is Favored.

Chicago, June 22.—The republican platform states its opposition to special privilege and monopoly, favors a protective tariff, is against the recall of judges, but favors some means by which the judges, derelict in duty, may be removed more simply, believes in international peace, promises a workmen's compensation law, expresses a determination to uphold the dignity and authority and integrity of the courts.

NEW SUNDAY TRAFFIC. Commercial Club Heats Entertainer and Transacts Business.

To listen to reports of officers which include announcement as to the financial condition of the club and new train service and to hear S. Platt Jones, the chauntanna entertainer, in several very entertaining numbers, fell to the lot of Commercial club members last night at an informal smoker. Mr. Jones was received with much favor by his hearers. Secretary Cherry reported that coming June 30 there will be a Sunday train to Joseph, leaving here at 6 a. m., reaching Joseph at 10 and leaving Joseph at 6 p. m., reaching here at 9:30. This will be well liked by tourists during the camping and fishing season.

BRYAN'S BOLT SCOFFED AT BY MANY LEADERS

FIGHT DOESN'T SEEM TO ATTRACT SUPPORT OF ALL

GOVERNOR BALDWIN WILL NOT JOIN WITH COMMONER

Issues at Stake Do Not Warrant Disruption of the Party, Says Prominent Eastern Democrat—However, Probabilities of Bolt by Bryan Are Causing Some Worry.

Baltimore, June 22.—Fear that W. J. Bryan will bolt the democratic national convention for the progressive cause he represents if he is defeated by the conservatives, pervaded the conservative camp today.

Many scoffed at the fear. They declare the fight between Bryan and the conservatives brought on by the selection of Judge Parker for temporary chairman of the convention had not reached a point that would justify the Nebraskan in pulling out.

Baldwin Turns Against Bryan. New Haven, Conn., June 22.—Governor Baldwin today sent a telegram to Bryan answering Bryan's message referring to the selection of Parker as temporary chairman of the convention. Bryan in the message had objected to Parker and asked the progressives to join him in the fight against him. Baldwin said he did not think the course suggested promote harmony in the convention. Therefore he objected to it.

WOMEN HAVE NARROW ESCAPE. Women Wrestle With Horse Tangled by Collision While Help Arrives.

Cool heads in the face of extreme danger yesterday probable saved the lives of two women and a baby when a team of work horses broke loose from a hitching post in the Henry Young yard near the river and ran to the highway meeting a buggy with two ladies and a baby amid bride. The compact drove the trailer vehicle into the side of the railing and entangled the work team. One of the ladies seized the baby and crawled to a place of safety between the railing and the edge of the plank, holding her precious station while the other lady wrestled with one of the fallen horses, holding it down by sitting on the animal's head until men came to the rescue. The force of the impact was such that it drove the shaft of the buggy into the post where it had to be chopped out. The very splendid display of cool judgment in the two women, one of whom was Mrs. J. J. Nunn, prevented serious fatalities unquestionably.
