OUR HAT IS IN THE RING

and we are here to stay. We believe in La Grande and the future will show that our confidence has not been misplaced.

WE KNOW that city property in La Grande is the safest, soundest and best investment in the northwest today. We believe that any property in this city is a good buy at present prices, although some districts, being more favored by Nature and by Man, than others, will un-doubtedly increase faster and more permanently in value. And that reminds us

Have you ever observed the effect that their surroundings have on the health, the spirits and the mental attitude of people—especially children? A child reared in the slums of a city, amid squalor, filth and poverty generally shows throughout his life the influence of his early surroundings. He unconsciously absorbs the atmosphere of the low, degrading conditions that he comes in contact with. It requires a strong personality and will power to overcome these early influences. A child raised under these conditions doesn't get a square deal. Nearly all the great and powerful "self-made" men were country boys Their surroundings were the green hills, blue sky and fresh air of Nature. These influences are all for strength and cleanliness and stamp their mark upon the child.

In Connordale iron-clad restrictions prohibit the building of any shacks, livery stables or manufacturing plants. No house can be built closer than 20 feet to the inside edge of the sidewalk. Every home must be of a substantial character, well-built and modern. There is no smoke, dirt or grime, and the air is fresh and clean. No dirty, foul-smelling shacks, barns or garbage piles will disfigure your surroundings. Green lawns, flower gardens, wide streets, concrete sidewalks and shade trees will make them beautiful. In no other part of the city of La Grande are you protected as you are in Connordale. What sort of a deal are you going to give YOUR family? Let us take you down to Connordale and show you this beautiful residence addition.
