Domestic Science Classes.
Round Table Department.
Swimming Instructions.
Bible Study Classes.
A Paradise of Pastime

John Mitchell, the Moses of the labor world, lectures July 4th—men of his kind are seldom heard for the nominal prevailing price. July Fourth will be replete with patriotic band concerts, high-class musical attractions, and a carnival of water sports. A resting day with ample amusement for all who attend. Free programs will explain to you the convenient transportation facilities, the detail program—a masterpiece of high merit—and give you all particulars you may be interested in relative to this splendid, and really stupendous, ten-day festival of meritorious attractions—all at your disposal for a mere song.
