## RAIN CANNOT STOP CROWDS

BAND CONCERT AND CAMBRIDGE PLAYERS DELIGHT.

With Downpour of Rain Two Hundred Hear Delightful Numbers.

Something like 200 people braved one of the heaviest downpours of rain last night to hear the La Grande band in a short but excellent program and the Cambridge players. They were indeed well repaid for their trouble for the band has perhaps never been heard in a better program and the Cambridge players certainly earned the unstinted applause given them in their numbers. They didn't attempt any Shakespearean plays, leaving that until tonight when they will give an exceptionally good program in view of the fact that the rain has hindered their costume work previously. The ladies of the party waded about in the water in their dressing rooms and at the danger of injuring their health went through an excellent program. In many ways the company displayed its talents to be far above that of any troupe of readers and character delineators ever seen here. With the rain pouring down almost in torrents, the ladies sang, read, impersonated and entertained in a clever manner. The company has not been seen at its best, however, and will be shown tonight when several sketches from well known Shakespearean plays will be carried out in costume.

The classes are progressing as usual. The domestic science classes are proving far more popular than ever before and Miss Burr has made a tremendous hit with her students. Alice J. Knight was heard again this afternoon in her lecture on Palestine. She is entertaining a large number of people.

## HEROES OF THE BLUE AND GRAY.

Features at Sherry's Wednesday and Thursday.

Two friendly old soldiers get into a hot discussion over some battle of the war in which they had been on opposite sides, and the result is a falling out. Both old soldiers have dream memories of war scenes and a battle around a certain house where each loses an arm. Their quarrel is later forgotten when they meet on Memorial Day. "The Counting of Time" is another good story. Two brothers, who leave the farm and seek fortune and fame in the city, one becomes a leading attorney while the other wins fame in the prize ring. "Curfew Shall Not Ring Tonight" and "A Millionaire

for a Day" complete a well selected program at Sherry's Wednesday and Thursday. A two reel Bison feature Friday and Saturday entitled "The Post Telegrapher."

### Lord Curzon Presides.

London, July 3.—Lord Curzon, of Kedleston, chancellor of the University of Oxford, presided at the sessions of this, the second day of the congress of the University of the Empire. During the day the congress discussed the relation of universities to technical and professional education, the interchange of university teachers, and the problem of the universities in the east in regard to their influence on character and moral ideals.

## S.S.S. HEALS SORES AND ULCERS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S. S. S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.
