Mr. Renter

Read and have your wife **INVESTIGATE**

I have a brand new modern house, with basement, furnace, steam heat in every room, toilets and bath upstairs and down, Dutch kitchen, lift for wood, connected with sewer and sewer assessment paid for, cement sidewalk paid for no street improvement.

The four rooms upstairs are now rented for \$40 per month. Close in, 2 blocks from the corner of Depot and Adams. Lot 40x110.

This is one of the new up-to-date modern homes of the city. Not built to sell but for a home. Conditions the last few days have placed this on the market at most reasonable terms, on \$25 per month with an initial payment of only \$500.00.

The upstairs will make the payments and interest and the purchaser has the use of the balance of the property. There will be no taxes to pay until 1914. Here is just the opportunity for some thrifty wife to procure a handsome home and pay for it herself, while her husband devotes his energies to laying up a bank account.

It always surprises some people as to the why of some other people always forging ahead. It is because there are always a few people who can grasp a proposition like this and in a few years own a home all paid for while the fellow who pays out \$20 to \$25 per month never has anything to show for it.

This will bear investigation. It will not last long. Come in and learn the real merits of this proposition. When you see the property you will want it.
