# The foolish way and the wise way of saving money

There are two ways of saving your money—the foolish way and the wise way. The foolish way is to put it where fire, theft or other calamity can take it from you in a second. The wise way is to put it in a bank of good standing like ours, where it is taken care of in fire and burglar proof vaults. Follow the example of the best business men and farmers in this district—start an account here at once—it is also the straightest road to success and wealth.
