Left-Sided Score Results From Wild Innings Yesterday.

Pendleton, July 11.—(Special)—Reverting back to her old-time "farm" form that the La Grande fans hoped never to see again—La Grande lost the third game of the Pendleton series yesterday in a very muchly lopsided score. Mountain, Barry and Harmon tried to stop the onslaught but it was too much and the Garret bunch added many a noth to their batting averages. Five errors are chalked to La Grande and all of them costly ones at that. The infield was shot to pieces by the switching necessary to get a pitcher on the mound without using McIvor and thereby spoiling his chances for today. The score:

ing kings yesterday, each lacing out a duet of raps. Forbes also registered one of the three runs were scored. Even Pendleton switched about some yesterday in her playing lineup.

**Notes of Wednesday Game.**  
(From Pendleton East Oregonian.)  
"Doggone it, whatchiknowabout-that," quoth Sir Richard Maxemeyer in supreme disgust when Mensor booted the ball and let in a run. And to emphasize his ireful words he smote the ground hard with his glove.

Illness kept Luttrell, La Grande's hard hitting third baseman out of the game yesterday and Forbes took his station. As a utility man, Forbes is real handy. Probably the longest fly that has ever been poled out in Roundup Park came off the bat of King yesterday. It soared over the centerfield about fifty feet and should have been good for a homer but the La Grande coacher slowed the runner up at third so that he was caught at the plate.

Augustus was the boy who prevented Manager Barry from breaking into the hit column yesterday. The Pippin leader was up to bat four times. Three times he essayed to stick out a Texas leaguer over short and each attempt was frustrated by Augie. The fourth time he put the ball on the ground but the little shortstop scooped it up and threw him out.

It's dollars to doughnuts that La Grande will overtake Boise yet in the pennant race.

**Your Child's Health Your First Thought**

If you have children, naturally your first thoughts are for their health. You certainly want them to develop strong, healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common ailments. Perhaps they are weakly and thin, or grow too fast, thus sacrificing strength. These and other apparently minor ailments may be the forerunner to a weak constitution for life.

Such children need Jayne's Tonic Vermifuge, which is essentially a children's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscles, enabling the enriched blood to keep the body healthy and strong.

Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed. For more than eighty years millions of children have been restored to health through the use of this tonic. Insist upon Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

**Every good house-wife should be interested in electric cooking for Summer months.**

Summer months are very trying on the house wife. Sweltering over a cook stove is no joke in hot weather. No man has a right to expect it of his wife, and no wife has a right to sacrifice her health, her youth and her good looks.

**Don't be a slave to an ancient cook stove. Cook with electricity.**

Cook in a cool kitchen and save from one-third to one-half your time with no wood nor ashes to bother with; no soot, smoke nor dirt. Electric cooking practically cuts your kitchen hours in half. Its value in comfort and freedom from drudgery cannot be over estimated.

We carry a complete line of electric cooking devices — everything from plates to ranges. The line is too varied to describe in this limited space, but they can be seen at our office at any time. They are priced low enough to be within the means of all. We make a special rate to users of our electric cooking devices, which makes them as cheap to use as wood ranges. Drop into our office at any time and let us demonstrate them to you.
