**Every good house-wife should be  
 interested in electric cooking  
 for Summer months.**  
 Summer months are very trying on the house wife. Sweltering over  
 a cook stove is no joke in hot weather. No man has a right to ex-  
 pect it of his wife, and no wife has a right to sacrifice her health,  
 her youth and her good looks.  
**Don't be a slave to an ancient cook  
 stove. Cook with electricity.**  
 Cook in a cool kitchen and save from one-third to one-half your  
 time with no wood nor ashes to bother with; no soot, smoke nor dirt.  
 Electric cooking practically cuts your kitchen hours in half. Its  
 value in comfort and freedom from drudgery cannot be over esti-  
 mated.  
 We carry a complete line of electric cooking devices — everything  
 from plates to ranges. The line is too varied to describe in this lim-  
 ited space, but they can be seen at our office at any time. They are  
 priced low enough to be within the means of all. We make a special  
 rate to users of our electric cooking devices, which makes them  
 as cheap to use as wood ranges. Drop into our office at any time and  
 let us demonstrate them to you.
