MORE TIME IS GIVEN ARCHBALD

SENATE SITS TO ACT AS COURT OF IMPEACHMENT

ARCHBALD'S SON AND ATTORNEY ONLY FRIENDS THERE

Senate Gives Until July 29 for Accused Commerce Court Judge to Answer Charges Preferred Against Him—House Prosecutors to Reply By Aug. 3—Archbald Objects.

Washington, July 19.—Sitting as a high court of impeachment the senate today gave Judge Archbald of the commerce court until July 29th to defend charges against him. Apparently the senate desires to push the trial to a conclusion before adjournment of the present session. After Archbald's defense in the house, prosecutors will be given until August 3rd to reply. Archbald's attorney, Worthington, said today that Archbald will not plead guilty.

With the impeachment case of Judge Robert W. Archbald, of the commerce court, as its main subject for consideration the senate met at 11 o'clock. Judge Archbald went to the senate chamber about 12:30 to make his formal appearance.

Archbald was accompanied by his son when he went to the senate. He conferred with his attorney, Worthington, before going in and he refused to discuss the case.

After Attorney Worthington for the accused judge announced in response to the call that Archbald was present. He requested a reasonable time to prepare a defense. He objected to July 29th as the date set to present a defense, stating that he ought to have 20 days.

Senator Clark of Wyoming moved that Archbald be ordered to reply by July 24 but the date was later changed. Congressman Clayton thought that four or five days ought to be ample for the house prosecutors. On his statement August 3rd was the date set as the time limit when all pleadings, including the house prosecutors' reply to Archbald's answer, should be presented.

Steffens said that McNamara was

"Judgment of balls and strikes" is poor; hence the can for you." Such is a paraphrase on a message sent by President Sweet of the Tri-State league to Phil Knell, the umpire who, excepting his first day, has been doing exceptionally well as arbiter in the Pendleton-La Grande series. Mr. Knell last night turned in his resignation by letter but the "can" came by wire and beat the letter. However, this is a chance that he will be kept in this country as a pitcher, and if not he will return to his family at

8 WOMEN IN TOILS OF LAW

THEATRE ROYAL AT DUBLIN IS SCENE OF DISORDER.

Suffragettes Attempt to Burn Place Where Asquith Is To Speak.

Dublin, July 19.—Eight suffragettes were arrested today charged with complicity in a plot last night to destroy the Theatre Royal where Premier Asquith is to speak tonight. Gun powder, petroleum and other inflammables were found in the lodgings. All the prisoners are English. An investigation is being made as to whether or not the women plotted to dynamite or burn the theatre.

The authorities are attempting to find out if the women acted independently or had organized support. It is believed that the woman who threw a blazing chair from a box in the Theatre Royal last night is among those arrested. Another of the eight is a woman who threw a hatchet at Asquith after his arrival here from London. The premier is being carefully guarded. The police believe the prisoners came here to start a disturbance and demonstration of violence which would far overshadow any window smashing riotings recently conducted by the suffragettes in London.

Frederick asked suddenly: "Are you an anarchist?"

"No," replied Steffens. "I am not. I believe in christianity which explains why I cannot condone paying for one crime with another. That is no way to solve our social problem."

Aged Prisoner Freed.

Washington, D. C., July 19.—President Taft today pardoned John Webber, a counterfeiter who has been serving time on McNeill's Island, near Seattle. Webber is more than 70 years old.

Cove, July 19.—(Special)—Luscious cherries, cherries the likes of which captured the golden medals at the last three or four world's fairs were inspected and admired by loving throngs from nooks and corners of Union county today. A sprinkling of rain immediately after the luncheon hour failed to dampen the ardor of the volumes of praise spread by the visitors at the annual Cherry fair. The day went along with threatening weather until the afternoon when light showers made the afternoon's schedule problematical—but the cherries were "there" in big red letters.

Fortunately, the cherry crop is most prolific this year, and a proper amount of warm weather has colored the cherries to the exact hue that shows them at their best.

Coming early the crowds soon filled the little hamlet to overflowing by noon walking room was a scarcity. Union, La Grande, Elgin; in fact, every town and city in the valley sent a splendid representation and, rain notwithstanding, the fair has been a tremendous success.

Crowds Near 3,000.

Very conservative estimates place the attendance between 2,500 and 3,000. A greater number of many people were crowded in the

Good Sticking Feature of Clerks' Playing but They Lose.

With four runs in the second and two in the fourth of a five-inning game, the Railroaders put themselves on an equal basis with the Palmer mill aggregation in the Twilight league last evening when the bested the Clerks in an interesting game. Ferrin's twisters were solved in the second inning and this fact combined with two costly errors, one at first and one at third, let in the runs that told the disastrous story. The Clerks forged forward but not ahead in the third and fourth when they found Stites for a brace of singles and early in the fourth Stites' error started the runs in the fourth but it was too late to prevent a disaster. ... and was ...

BROADSTAIRS, one of the quieter English watering places, has been a favorite residence of popular British novelists. George Eliot, Wilkie Collins and Charles Dickens spent much of their time there. A house which was occupied at different times by the last two has recently been sold. It is Bleak House, where "David Copperfield" and other Dickens novels were written. An English doctor bought it for £3,000. It stands on a commanding site overlooking the town and harbor and has charming gardens. The house is marked by a commemorative tablet and a bust of Dickens, which may be distinguished in the photograph.

STRENUOUS EFFORT PUT FORTH TO PASS TURKISH GUNS

Italian Fleet After Suffering Heavy Damage Is Escaping on Aegean Sea—Coup If Successful, Would Have Meant Storming of Constantinople and Heavy Losses.

Constantinople, July 19.—The Italian torpedo boats attempted to pass through the Dardanelles early today. They were fired on by Turkish forts on both sides which discovered the fleet by searchlights. It is reported that two Italian ships were sunk and others damaged by the cannonade. The Italians fled to the open waters of the Aegean sea.

The vigilance of the Turkish forts prevented a passage. Cannon on both the European and Asiatic sides broke into a furious roar when, at 2 o'clock, the lookout detected the Italian ships. Had the Italians succeeded in passing through the Dardanelles, absolutely every Turkish warship in the Sea of Marmora would have been at the mercy of the Italians. The bombardment of Constantinople would almost surely have followed. As a result of the Italian attempt Turkey today again notified the powers that the Dardanelles are closed to the world's shipping.
