Every Child Should Be Given The Tonic

When children are peevish and irritable; when they are restless in their sleep, it is almost a certain indication that their digestive organs are troubled with worms or other parasites. This is a very common childhood ailment remedied. Physicians will tell you that nearly every child is so troubled at some time and in fact many adults have had this trouble. This trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract.
For children, Jayne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites, but completely removes the nests in which their young are deposited. Seldom does it purge, and the improvement in the health of the child will be the first and best indication of the beneficial results of the medicine. Not only will the Vermifuge destroy all the parasites, but its wonderful tonic effects will restore the digestion which has been impaired.
For children, the addition of a little sugar will make it so palatable that they will take it readily. Millions of parents have trusted in Jayne's, and accept as others, sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

Malthoid Roofing

We want builders to see us about roofing. We want to demonstrate why it is to your advantage to roof your building with Malthoid Roofing—and we will do this to your complete satisfaction.

We will show you beyond any question that Malthoid is the very highest type of roofing perfection and made so well that it will last as long as the building it covers. We will show you that Malthoid is a better roofing than shingles—is more satisfactory than iron—is cheaper than tin—in fact, we can prove that there is no other roofing known to the building trade that is good, as durable, as long lasting—as water proof—as fire resisting and as cheap as Malthoid Roofing.

It has got every other brand of ready roofing marking time while it is progressing—there is more of it sold on the Pacific Coast than all other brands combined and it speaks well for the intelligence of builders that this is so.

The makers of Malthoid Roofing know their business for they have been at it for twenty six years and they not only make this roofing to sell but they make it to last and to please the people who buy it.

They would rather have the good will of the builder than his money—and they get both by the way they make Malthoid Roofing.

If you have roof troubles of any kind or of any description—no matter what kind of a roof you have on your building, see us at once—and we will help you out of your difficulty.

The foolish way and the wise way of saving money

There are two ways of saving your money—the foolish way and the wise way. The foolish way is to put it where fire, theft or other calamity can take it from you in a second. The wise way is to put it in a bank of good standing like ours, where it is taken care of in fire and burglar proof vaults. Follow the example of the best business men and farmers in this district—start an account here at once—it is also the straightest road to success and wealth.

COME IN AND LET US TALK IT OVER.
