

NINE HUNDRED AND SIXTY Acres of Grazing Land.

Here is just what some valley farmer needs and such opportunities are rapidly slipping away. Five years ago there was an abundance of such land at \$2.50 per acre. That is a thing of the past. There are now few such tracts at \$5.00 and this is one of them.

This tract is well watered with springs and two living creeks. 480 acres of it fenced and a stock man will immediately understand why the balance is not. One half mile from forest reserve. Early spring pasture, the best of bunch grass, two cabins. A good road from La Grande, only seven miles. Call for particulars.

MORE PAVEMENT FOR THE ROUNDUP.

Pendleton Has Decided to Lay More Bitulithic.

A contract has just been let by the city council of Pendleton, to pave West Court street with bitulithic. The work will begin at once so that it will be finished before the Roundup, in order that visitors to the big Pendleton show can ride over the finest pavement in the world. Pendleton has been trying bitulithic on some other streets of the city and it has proven so satisfactory in every particular that the award of this contract in favor of the bitulithic people is only natural. The citizens of Pendleton express universal satisfaction with the action of the city officials in their apparent decision to adopt bitulithic permanently as the standard pavement for the Roundup City.

COOK IN COMFORT

You'll envy the woman who
Cooks With Electricity

She doesn't spend the best part of the day in the kitchen, over a hot stove. Her kitchen is the coolest room in the house. She can cook wherever there is a light socket.

She gets her meals in a jiffy. The electric cooking devices heat up, ready for use, in fifteen seconds. No waste; no fuel to carry; no smoke nor soot; no ashes.

We carry all kinds of electric cooking devices, from the handy little "Radiant Grill" to the most elaborate ranges. We sell them at manufacturers' prices and make a special rate for current for cooking. This special rate makes electric cookers as economical to use as wood or coal ranges.

See the electric cooking devices at our office. We are glad to demonstrate them for you at any time.
