REDEMPTION AN ATTRACTION

ARCADE THEATRE INTRODUCES "SENSATION."

Moral Lesson Told in Remarkable Picture at Arcade.

This is one of the most wonderful productions ever gotten out, dealing as it does with the life of a poor girl of good family who is dragged into the mire by unscrupulous men and women of the world.

The moral is one of the best yet filmed, showing to the young and uninitiated what fine clothes and jewels

too easily bestowed usually lead to, and to what depths of sorrow and degradation and deep remorse a human being can sink when once they leave the beaten track. The stonement, as brought about by the heroine of this great drama, however, causes a thrill of pride and excitement, and the entire picture will appeal to all. This picture was run over this morning and Manager Burkhardt announces, it is one of the strongest pictures ever shown, and one that every mother should see. Too much praise cannot be given a production of this kind. No raise in price.

BITULITHIC CHOSEN AT LEBANON.

Lots of Competition Among a Large Number of Bidders.

At an adjourned meeting of the city

council, the bids for the paving of a mile of Lebanon streets was awarded to the Federal Construction company, says the Oregonian.

There was an unusually large number of bidders for the work here and for a large variety of paving.

After thorough investigation of all the different kinds of pavement, the council adopted the bitulithic. One of the leading inducements for the selection of this kind was the remarkable record for durability it is making elsewhere.

The area to be paved is a little more than 25,000 square yards and the completed work, including curbs and drainage, makes the total cost of public improvements for the city for this year exceed \$112,000. 7-29-17
