EVERYBODY'S DOING IT.

"Doing What?" Why, thinking and talking about Connordale, of course. Pretty soon the 56 lots that still remain unsold will be gone and more than 200 people will be getting ready to take advantage of our building offer. And those who have delayed taking action will be disappointed. That is the experience of all who fail to take advantage of a good opportunity when it is presented to them.

You may say, "Why, I knew that piece of property when it was a vacant field, and I could have bought it for a song." If that is true you also can probably look back upon the time—into so very long ago—when La Grande was a village. But La Grande is now a full-fledged young city with the second greatest pay-roll in the state, and with miles of paved streets and other city improvements. And Connordale is the best located and choicest bit of fully-improved and restricted residence property on the market. And La Grande is going to keep on growing and improving, while those who stand idly by and criticize the price of property and belittle the necessity for improvements and lead the calamity chorus will be left at the post as usual.

These are **FACTS**—straight from the shoulder—and every fair-minded progressive resident of La Grande knows that they are true. If you haven't seen Connordale yet, let us take you down in an automobile and show it to you.

S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the outside cuticle. These afflictions are caused by irritating humors, or uratic acid in the blood. Such impurities inflame and irritate the delicate net-work of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains infected. This exudation causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be seen then that to produce a cure the circulation must be purified and cleansed. This S.S.S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system and in this way removes the cause of disease. Local applications can only soothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S.S.S. restores to the thin, acrid blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. Book on Skin Diseases and any medical advice free to all who write.
