The Gossard Corsets

They Lace in Front

The first and last thought in front lace corseting have been applied to the "Gossard," which is positively the ORIGINAL FRONT-LACE CORSET the first in the minds of fashionable women because they meet the requirement for comfort, convenience in adjusting and giving proper poise to the body. They are truly healthful. No undue pressure is caused in controlling the superfluous flesh — they are modeled on graceful lines to fit women of all sizes. The slender, the medium, the stout all enjoy them alike. MANY HAVE IMITATED THE GOSSARD CORSET WITHOUT EFFECT. It was once the only front lace corset; it is now the peer of all front lace corsets. The best talent known has been constantly employed to maintain the original standard of quality, comfort and style. Always up to the requirements of the ever-changing trend of fashion.

A complete line of all sizes and styles on hand.
Price \$3.50 to \$8.50.

By defeating the bankers last evening by a score of eight to one, the clerks are the high spirits and expect to gain the lead in the Twilight league the next time they meet the lumbermen, which will be some time next week.

The bankers played ragged ball on the field and could not solve Stout's deliveries at the plate. Fred Williams centerfielder for the money counters, made two difficult catches, and with the aid of an error, two stolen bases and a wild pitch made the only run for his team.

Barry, the Clerk's back stop is a sure catcher, hit 3,000, and stole three bases, one of which he had to steal twice to receive credit for it. Umpire Lincoln handled the indicator like a veteran and with good satisfaction.

Y. M. C. A. NEWS.

Edited by J. H. Hadd.

Once during each year the Employed Y. M. C. A. officers of the Northwest meet for a few days to renew old acquaintances, to exchange ideas, and because of these things to return home strengthened for greater work. Such a conference has just closed.

Counting the ladies and other visitors who were present there were over one hundred in attendance. They came from British Columbia, Montana, Washington, Idaho and Oregon. They represented many types of Association work, Industrial, Railway, Employment, Educational, Physical, Religious, Boys work, Social and general supervision.

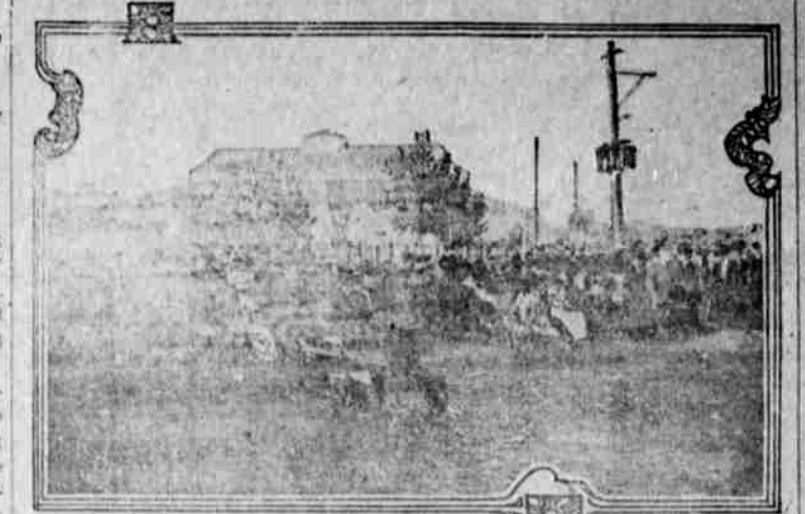

Some people may have the idea that these men meet for a sort of a vacation. Such is not the case. The Conference is for work. Soon after breakfast we gathered in the hall for a period of Bible Study under Mr. Allen the General Sec'y of Seattle. These periods proved most helpful and received the approval of all. The remainder of the day was well filled with sectional conferences, song services, and open session with regular intervals for recreation and meals.

Perhaps the most fundamental work was done in the sectional conferences. There we got right down to the root of things. Methods, plans, ideas and work no matter by whom suggested were frankly discussed.

La Grande has the only Y. M. C. A. of its type in the Northwest and many of the Associations are very much interested as to our progress. Men let us show them that La Grand can do things.

TAKING A REST ON THE SPOKANE INTERSTATE FAIR GROUNDS.

In former days little attention was paid to public comfort on any fair grounds, but now every possible convenience is provided. At the Spokane Fair this fall, the week of Sept. 30, there will be hundreds of comfortable benches, sanitary drinking fountains, rest rooms, a barber shop and bathroom and as

much green grass and flowers as in any city park. A special comfort for mothers is the free nursery, where competent nurses look after babies while the parents enjoy the Fair, and the babies will be much in evidence at the Fair this year, as the special feature for Monday, Sept. 30, is a big baby show, in which hundreds of babies of all kinds and colors will compete. Any baby is eligible, and full particulars may be obtained by writing to the secretary of the Spokane Interstate Fair.

COOK IN COMFORT

You'll envy the woman who Cooks With Electricity

She doesn't spend the best part of the day in the kitchen, over a hot stove. Her kitchen is the coolest room in the house. She can cook wherever there is a light socket.

She gets her meals in a jiffy. The electric cooking devices heat up, ready for use, in fifteen seconds. No waste; no fuel to carry; no smoke nor soot; no ashes.

We carry all kinds of electric cooking devices, from the handy little "Radiant Grill" to the most elaborate ranges. We sell them at manufacturers' prices and make a special rate for current for cooking. This special rate makes electric cookers as economical to use as wood or coal ranges.

See the electric cooking devices at our office. We are glad to demonstrate them for you at any time.
