

# GAMES CRUCIAL FOR TWO CLUBS

PRESENT WEEK GOES FAR IN SETTLING RACE.

Pippin Players Leaving City, Some of Them Not to Return This Year.

STANDING OF THE CLUBS.

	W.	L.	Pct.
Walla Walla	58	30	.651
Pendleton	45	44	.506
Boise	44	44	.500
La Grande	29	55	.345

Who shall be second best in the Tri-State league will be settled this week, or practically so.

Much depends upon the outcome of the games this week, inasmuch as it is conceded by all that Walla Walla has the pennant already won, the real battle is between Pendleton and Boise for second honors. By taking five out of the seven last week the Puckeros advanced into second place are still only half a game ahead, and to maintain their lead must give La Grande a drubbing this week. But can they do it with the kind of ball La Grande is playing? With Boise pitted against the league leaders and Pendleton playing the trailers, the end of the week should see the second place well decided. This advantage will be needed in order to retain hold on the second place for the two contenders meet in Boise next week in the closing series of the season.

The addition of Jamison, the big basketball and football star of the University of Oregon to the Pippin staff should help the Pippins this week and next. He is no whirlwind but is a steady pitcher, always depended on to do fairly well under any circumstances.

Several of the La Grande crowd left the city today not to return until next year. The team disbands at Walla Walla and a good many of them will not return to La Grande. Manager King is coming back as soon as the Walla Walla series ends and the final details as to the holding or release of players will be cared for at that time.

"Pewee" Esola has been sent back to McCredie from whence he was farmed and Leftfielder West has been dropped from the payroll.

The westbound was late today and if the Pippins reach Pendleton in time for a game, it will be a much-delayed affair.

William Courtenay is to have the principal role in James Montgomery's comedy, "Ready Money."

# HAY CROPS IN CANYON GOOD

THRESHING MACHINE OUTFIT SET TO WORK.

Ladd Canyon News Items of General Interest to Readers.

Ladd Canyon, August 20.—(Special)—All of the wild hay and most of the second crops of alfalfa are harvested. The crops were all splendid in this vicinity.

Messrs. William Banton and Conaway have started up their threshing machine and are at present installed on W. Johnson's farm.

Quite a good many have returned from the mountains, bringing with them an abundance of huckleberries and also feeling that they had enjoyed a much needed rest.

Miss Carrie Cannon, of Oklahoma, visited a few days last week with Miss Verda Graham.

A surprise party was arranged and given last Thursday evening by Miss Lucile Jarris, at her home, in honor of Miss Golda Bainbridge, who, with her parents, will move from here the first of the month. The evening was delightfully spent with music on the piano and games. Ice cream and cake was enjoyed at a late hour by the following guests: Misses Golda Bainbridge, Helen Linebarger, Verda Graham, Lulu Counsell, Kittle Mulholland, Dora Geiger, Ruth Peebler, Christina Linebarger, Katie Counsell, Irene Mulholland, Frankie Peebler and Miss Carrie Cannon of Oklahoma; Messrs. Jno. Larm, Henry Counsell, Edward Graham, Louis Phillips, Raleigh Linebarger and Roy Peebler.

The picnic and dance which was held at Linebarger's park last Friday was quite well attended, considering the cold weather which prevailed at that time.

LOST—A long black coat lined with black Pioneer day at Hot Lake. Return to Observer office or phone Red 3671. 8-20-12

Margaret Dale and George Arliss will appear in "Disraeli."

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY, & CO., Toledo, Ohio.

Sold by Druggists. Use Take Hall's Family Pills for constipation.

# SEEING IS BELIEVING

You are the one best judge of what you want. Trust to your own judgment. Rely on the evidence of your own senses. Demand to be "shown" before you decide on the purchase of real estate. If the property is as represented it will not suffer by examination. We have nothing to conceal.

That part of Connordale Addition which is now on the market extends along Washington Avenue from Twelfth street to Sixteenth street on one side and along Twelfth street between L Avenue and F Avenue on the other. It is as level as a table. The soil is a dark rich loam, easy to work and wonderfully fertile. The sort of ground that produces that thick, green velvety lawn that adds so much to the beauty of a home. It is underlaid with gravel from 6 to 8 feet below the surface. This insures perfect drainage and carries off all surface water. Cellars do not have to be floored and walled with concrete and will always be free from stagnant water after a hard rain. Concrete curbs and extra heavy concrete sidewalks—five feet wide—have been laid. The streets are graded and a ten foot parking space provided on each side. The city water has been piped in and the sewers follow this year. Washington Avenue is paved with asphalt this summer right to the head of the Connordale addition. L Avenue, running from Washington Avenue at the head of Connordale, past the city hall to the high school, is to be opened up. Electric lights and telephones have already been installed in the new houses built on Connordale and a street lighting system will soon be provided. Every requisite of a high-class residence district is found there. Go and see for yourself, or let us take you over the Addition in one of our machines. We have a legitimate, home-building proposition — not a wild-cat speculation. You owe it to yourself and your family to investigate it.
