

# WITH BARNUM & BAILEY, IN LA GRANDE AUGUST 27TH

A baby giraffe is the pride of the 110-cage menageries of the Barnum & Bailey circus, which will spread its acres of tents here for one performance on next Tuesday afternoon. The animal was born in the circus' winter quarters on January 31 last. No less an authority than Colonel Theodore Roosevelt predicted that she would not thrive, citing the cases of giraffes born in zoological gardens abroad and which survived only a few days.

The undaunted circus infant, however, has been one of the lushest inmates of the travelling zoo since the day she opened her eyes and toddled about the cage. Advance agents promise that she will be the cynosure of wondering crowds here. The Women's Political union of New York

City formally christened her "Miss Suffrage" during the circus engagement in that city.

There are several adult giraffes in the Barnum & Bailey menagerie. Aside from the circus beasts, the municipal zoos in New York and Cincinnati, O., contain the only giraffes in the United States, and under a recent ruling of the government none may now enter the country. The Barnum & Bailey management has refused a formal offer of \$40,000 from the London Geographical society for the sale of its herd.

The giraffe corrals are a popular rendezvous for the supstitious circus folk. They want the boasts to lick their hands. Good luck, they think, is sure to follow.

# CLERKS DEFEAT RAILROADERS

BETTER FIELDING AND HITTING  
WIN FOR RAILROADERS.

Darkness Interferes with Games and  
New Arrangement is Considered

### STANDING OF THE CLUBS.

	W.	L.	Pct.
Palmer Mill	6	2	.750
Clerks	6	3	.667
Bankers	2	5	.286
Railroaders	2	6	.250

Last evening the Clerks defeated the Railroaders by a score of five to one in a well played game, considering the absence of sunlight. Childers pitched a good game, although wild at times. Bohnenkamp was hit often but the Clerks backed him up with first class fielding, allowing but few hits.

Darkness will soon be the cause of stopping these evening games unless some arrangement can be made whereby they can start a half hour earlier.

The third inning is often played in the semi-darkness that usually precedes the blackness of night with the result that it is always hard to tell just what has happened.
