NEW YORK'S FIRST CHURCH.

And the Earliest Religious Services on Manhattan Island.

The first religious service on Manhattan Island was held in 1623. This resulted in the organization of a church, the services of which were held in the upper story of a mill which ground the grain of the colonists.

The first church building on Manhattan Island was situated on Pearl street, between Whitehall and Broad streets, facing the East river.

William Kieft, director general of the West India company, caused to be erected a church outside of Fort Amsterdam, which contained three long, narrow windows on each side, fitted with small panes of glass set in lead, on which were burned the coats of arms of the chief parishioners.

Mark Twain's Question. Mark Twain when visiting Melbourne was the guest of the mayor on a picnic trip down the river Yarra, a stream renowned for its crookedness and for the odor from its banks.

Radium's Wonderful Power. Suppose that the energy of a ton of radium could be utilized in thirty years, instead of being evolved at its invariable slow rate of 1,700 years for half disintegration, it would suffice to propel a ship of 15,000 tons, with engines of 15,000 horsepower, at the rate of fifteen knots an hour for thirty years—practically the lifetime of the ship.

A Household Hint. Young Wife (sobbing)—George treated me awful mean. He—be promised to give me a machine for my birthday, and it—it—came none today. Her Mother—Then what are you crying about? Young Wife—It's a—It's a washing machine—Baltimore American.

Getting Square. The Doctor—Hark! Whence those cries of agony? The Lawyer—They come from the office of the dentist. Last week the chiropodist operated on the dentist, agreeing to take his bill out in trade, and now the dentist is taking it out. Satire.

A Witty Reply. It was during one of the recent strikes. An old man, evidently a striker, who looked rather seedy and down at the beel, went up to a trio of young strikers who were standing at the corner of the street and asked if one of them could lend him a match.

SULPHURRO HOSTS INCREASING DAILY

Army of Friends Constantly Becoming Greater as Cures Multiply. Rheumatism Vanishes. Nannalmo, B. C. The C. M. C. Stewart Sulphur Co. 71 Columbia Street, Seattle— Gentlemen: I cheerfully testify that I received great benefit from the use of Sulphurro. I was suffering from neurasthenia and rheumatism. After a close application of Sulphurro for one month, the rheumatism vanished, and a sturdy upbuilding of the system followed. Thanking you for the great good received from your treatment, I remain, very truly yours, (Signed) T. J. SHENTON, P. O. Box 673.

Seattle, July 23.—Daily the army of Sulphurro friends grows larger, as cures of disease add new recruits. All that Mr. C. M. C. Stewart, the originator of Sulphurro, desires is that other sufferers may know what cures Sulphurro has effected in similar cases. From the first a policy of the utmost conservatism has been followed, and only a few out of the flood of letters of appreciation for Sulphurro have been the most potent factor in its success. Sulphurro's purifying and upbuilding effect upon the system is beneficial to young and old and to all conditions of life. Unlike many so-called cures for rheumatism and other diseases, it does not seek to offset one poison with another. It builds, creates new energy and life and enables nature to accomplish her beneficent work. If you haven't seen the Sulphurro booklet, which accompanies each 50 cent and \$1 bottle of Sulphurro at the druggist's, send for a free copy to the C. M. C. Stewart Sulphur company 71 Columbia street, Seattle, Washington.
