Selder's - La Grande

La Grande must grow--it's location and resources give assurance that within a short time it will be the Spokane of Oregon. At its present rate of increase and growth it will soon double its population and its payroll. When it reaches that stage in its career Connordale will be practically the center of town for this city must grow down Washington Avenue and cut into the valley. Values will then be out of sight. They are low now. Go down and see for yourself.
