Thelma—A three reel feature tonight at the Arcade.

At St. Peter's rectory September 15, Rev. Upton H. Gibbs married Thelma A. McKelvey to Miss Sylvia Caw. The groom is a train dispatcher here and the bride hails from Los Angeles.

The funeral services over the remains of Wilfred E. Gaskill, son of Mr. and Mrs. Fred Gaskill were held at the home Sunday afternoon. A large number of friends followed the remains to the Summerville cemetery, where the little body was interred, beneath a bed of flowers. Rev. Adams of this city officiated.

The Foreign Missionary society of the Methodist church will meet with Mrs. J. C. Henry Friday afternoon of this week.

Graham & Norton in vaudeville at the Arcade tonight.

Miss Violet L. Chattin, daughter of W. R. and Mrs. Chattin of Summerville, was married yesterday to Warren P. Gradshaw of Walla Walla. These young people were students in the East Oregon State normal in Weston. There were present 37 friends and relatives—the Chattins, the Wades, the Russells and the Smiths. There were four generations present from Grandma Russell to the children of Mrs. Wade, Mrs. Smith and William Chattin. The young couple will live on their farm near Walla Walla. Dr. J. D. Gillman tied the knot.

Word was received today by Mr. and Mrs. C. R. Simkin of this city that the latter's brother had been killed by lightning in Cass, Mich. The victim was also the nephew of Mac Wood of this city.

A vaudeville act of real merit at the Arcade tonight.

PERSONALS.

M. L. Howard, of Baker City, is in La Grande, a guest at the Sommer.

W. J. Books of Haines is in the city today, stopping at the Foley.

W. Al Jones of Joseph is in the city, a guest at the Foley.

Mr. and Mrs. Sheppard Morgan of Enterprise were visitors in La Grande yesterday, registered at the Foley.

J. P. Myres of Union was a visitor in La Grande yesterday, a guest at the Foley.

H. E. Graham of Imbler was in La Grande yesterday, registered at the Foley.

Ray Hawes of Hilgard was a visitor in La Grande yesterday, registered at the Sommer.

Mr. and Mrs. R. N. England, Louise England, and Mr. and Mrs. George E. Dunklee of Union were La Grande visitors last evening.

Dr. Frederick Webster, the well known portrait artist, and wife, of Chicago, have returned from Union, where Mr. Webster has been painting the portrait of A. B. Eaton and are stopping at the Sommer.

Miss Elsie Selmon, daughter of Mr. and Mrs. Frank Selmon of Portland, is in La Grande visiting for the week with Mrs. John Anthony. Miss Selmon and her parents were former residents of La Grande.

AT ARCADE TONIGHT.

The Arcade offers for tonight a three reel production taken from the popular novel Thelma, for beauty of scenery, fine acting and an excellent story this is one of the best photoplays ever at the Arcade. Also tonight Graham & Norton, the Rose City duo in songs, dances and jokes. This act played here three years ago and because of their popularity was held over four weeks.

FOUND—Pair of glasses near high school. Owner may have same by paying for this notice at 908 Third street. Phone Black 322. 9-16-12

VARIEGATED SPELLING.

Mark Twain Liked It Because It Was So Refreshing.

Writing in the Hartford Courant on "Mark Twain," Dr. Edwin P. Parker of Hartford said:

"In 1876, according to my memorandum, a notable spelling match took place at the Asylum Hill Congregational church, in which some thirty persons, under their respective captains, took part. Among these contestants were Dr. Burton, Judge Carpenter, Charles E. Perkins, Mr. Clemens, Mr. Twichell, Charles H. Clark, General Hawley, Miss Trumbull, Miss Blythe, Miss Burbank and Miss Stone. At last there were left standing only Dr. Burton and Miss Stone, and the gallant doctor took the first opportunity to make an error and so to leave Miss Stone the winner.

"But this notable contest was preceded by a preliminary speech in which Mr. Clemens wittily criticized the supposed necessity of having any uniform and arbitrary way of spelling words. Among several amusing illustrations of his argument was one as follows: 'I have a correspondent whose letters are always a refreshment to me, there is such a breezy, unfettered originality about his orthography. He always spells Kow with a large K. Now, that is just as good as to spell it in the conventional way with a small one.' It is better, for it suggests to the mind a new, grand and impressive creature."

"Nevertheless, in the contest that ensued Mr. Clemens produced no 'superb effects of variegated spelling,' but stood up among the last five, if my record is right, only Mr. Clark, Miss Keep, Dr. Burton and Miss Stone outlasting him."

MOTION OF THE EARTH.

It May Easily Be Demonstrated by a Simple Method.

It is quite possible to prove that the earth revolves on its axis by a simple experiment and without having recourse to mathematics. Take a good sized bowl, fill it nearly full of water and place it upon the floor of a room which is not exposed to shaking or jarring from the street.

Sprinkle over the surface of the water a coating of lycopodium powder, a white substance which can be bought at almost any drug store. Then upon the surface of this coating of powder make with powdered charcoal a straight black line, say, an inch or two inches in length and lying north and south.

Having made this little black mark with the charcoal powder on the surface of the contents of the bowl, lay down upon the floor a stick or some other straight object, so that it shall be exactly parallel with the mark.

Leave the bowl undisturbed for a few hours and then notice the position of the black mark with reference to the object that it was parallel with. It will be found to have shifted its direction and to have moved from east to west—that is to say, in a direction opposite to that of the movement of the earth on its axis.

The earth is simply revolving has carried the water and everything else in the bowl around with it, but the powder on the surface has been left behind a little. The line will always be found to have moved from east to west, which is good proof that everything else has moved the other way.

A Problem He Hadn't Solved.

In 1895 there went to Paris a young Belgian named De Groof, who was fully convinced that he had solved the problem of aerial flight. He did not succeed in interesting French experts, but later in England met with some encouragement. Finally, in the presence of a large crowd De Groof made his attempt. His machine was attached to a balloon, and after reaching a height of 4,000 feet he cut himself loose. The machine fell like a stone and crashed down upon the rough pavement of Robert street, Chelsea, with a sickening thud. De Groof was dead.—New York Tribune.

The Way They Struck.

A company of Italian laborers engaged in the construction of a railway in Germany had their wages reduced. They said nothing, but during the night each of the men cut an inch of the end of his shovel. In reply to the foreman who took them to task about it one of them said, "Not so much pay, not lift so much earth. So much longer last work. Italian not fool like German. Italians not strike!"—London Mail.

A Hardship.

"They talk of hardships," said an Irish soldier as he lay down to sleep on the deck of a transport, "but, be dadd, this is the hardest ship I was ever in in my life!"

Health and an Umbrella.

A man's health is something like an umbrella. When once lost it is hard to get back, but when worn a little it may be recovered.

Speak with the speech of the world, think with the thoughts of the few.—John Hay.

Write to the Secretary of the Correspondence School University of Oregon, Eugene, for information and catalogue.

S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once, but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S.S.S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S.S.S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruption or disease. Book on the blood and any medical advice free.
