Mother of Eighteen Children.

"I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to and as much as I want, and feel better than I have at any time in ten years. I refer to anyone in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.

DEBS VERY HOPEFUL NOW

SOCIALIST CANDIDATE THINKS HE WILL POLL BIG VOTE.

Expects to Register at Least 1,000,000 Favorable Ballots.

New York, Sept. 27.—Eugene V. Debs, the Socialist party candidate for President, believes he will poll at least 1,000,000 votes in the coming election. This belief is shared by his campaign managers and is based upon reports recently received from all party workers in every section of the country. The total Socialist vote in the national election in 1904 was 402,283 and four years ago the vote reached 420,733. In both these elections the party had the same presidential candidate as this year. With the same standard bearer it could be scarcely expected that the party vote would more than double, unless public sentiment has undergone a surprising change within four years.

The men who are managing the Socialist campaign declare that they are in receipt of advices indicating widespread dissatisfaction with the candidates of the old parties. They believe that both Taft and Wilson will suffer greatly from defections by which Debs, even more than Roosevelt, will benefit. The aggregate of these defections, so they state, will be more than sufficient to roll up a million votes for the Socialist national ticket.

Heretofore New York state has polled the largest Socialist vote. Next in the order named come Illinois, Pennsylvania, Ohio and Wisconsin. In the last election in Massachusetts the Socialists just succeeded in getting the three per cent that entitles them to be called a party and to have a place on the official ballot. The party managers are relying upon the recent strikes and other labor troubles in Lawrence, New Bedford and other mill towns to greatly increase the Socialist vote next November.

The Socialist also expect to make great gains in the far west. On the Pacific slope California gave the largest Socialist vote four years ago. This year the confidence of the party workers in that section of the country is so great that predictions are even made that Nevada will elect a Socialist governor.

Texas, North Carolina and several other southern states have Socialist tickets in the field this fall, though the south, on the whole is remarkable for its small Socialist vote. Oklahoma, for reasons that are difficult to determine, has shown far stronger inclinations towards Socialism than any of her neighbors. The total Socialist vote in Oklahoma four years ago was 21,734, which is more than twice that polled in the state of New Jersey, in which the city of Paterson has always been regarded as the foremost center of Socialism in the United States.
