which is the oldest institution in America for the higher education of women.

Another event of the week of interest in educational circles will be the formal inauguration and dedication of the Rice Institute at Houston, Tex. The institute is one of the richest colleges in America and possesses an endowment of approximately \$10,000,000, left by the late William Marsh Rice, for whose alleged murder in New York some years ago Albert T. Patrick is serving a life sentence in Sing Sing prison.

Monday is the day fixed for the re-assembling of the British house of commons for the autumn session. The program for the session is a heavy one, especially when the importance of the legislation is considered. Foremost on the agenda are Home Rule, Welsh Disestablishment, the Franchise Bill and a measure to allow trades unions to contribute to funds for the support of labor members of parliament.

During the week James Whitcomb Riley, the beloved Hoosier poet, is to be the center of the greatest ovation ever tendered an American writer. Monday will be the poet's birthday anniversary and during the week special exercises in honor of the occasion will be held in the public schools and in literary and art societies throughout the country.

A total eclipse of the sun is to take place Thursday, but it will be invisible in the United States except as a very small partial eclipse in Florida and the southern portion of the Gulf states. The path of totality will cross South America from a point near Quito, Ecuador, to Rio Janeiro, Brazil, thence southeast across the Atlantic ocean.

Canadian historical and patriotic societies will join at the end of the week in a suitable celebration of the one hundredth anniversary of the battle of Queenston Heights, in which the British were victorious over the American invaders, though they lost their valiant commander, General Sir Isaac Brock. On Saturday exercises in observance of the centenary will be held on the battlefield, which is marked by a magnificent monument of General Brock.

What are you doing for Your Children's TEETH?

Are you letting them go entirely uncared for? Are you letting the little ones suffer with their first teeth—thinking it will only be a short time until they will have a new set?
Do you realize the child needs a sound set of teeth as much as you do?
Bring or send the children to me for an examination and I will send you a chart of what is needed in their mouth.
