AFTER THE EXPRESS COMPANIES

We notice the interstate commerce commission, after due deliberation, has made a ruling that will affect the receipts of the express companies. And immediately the companies raise a howl that they will be put out of business. Now, that interstate commerce commission seems to be a level headed bunch of men. At any rate they have made the railroads do a great many things that were right and the railroads are not out of business as yet.

THOSE CAMPAIGN EXPENSES.

Probably the instigators of the present investigation of presidential campaign expenses will not be so hilarious over their work, after all. The man they were after was Colonel Roosevelt, who admits there was a large sum of money spent on his campaign but in the investigation they could not prove wherein he was a party to any trade or promise in return for that expenditure.

TOO MUCH, TOO MUCH.

There is entirely too much to be voted upon this year. Yes, too much, too much, too much. Every man who goes to his desk in the morning finds a bundle of mail containing letters urging him to vote for this or that measure, to vote for this or that candidate. He opens the mail and gradually these circulars find their way to the waste basket. This is proof of too many things on tap.

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, building up the constitution and assisting and giving the patient strength by ing nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J.
