**LION AND THE  
MOUSE PLOT A  
MODERN NEW**

There is a great deal of novelty connected with "The Lion and the Mouse," a dramatic picture of household life connected with the career of a financial magnate. "Ready Money" by the central character of the play who represents the money octopus of the present time is probably one of the greatest characterizations ever written into an American play. That the drama is one of the most successful ever produced in this country goes without saying. It enjoyed an uninterrupted run in New York of two years and has been seen in almost every city of the United States. The United Play Company will offer the play to local theatregoers at the Steward, Wednesday Octo-

ber 16th. Seat sale now open at the usual place.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, building up the constitution and assisting and giving the patient strength by long nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**PENINSULAR**

**Steel Malleable Ranges**

are the World's leaders in houses of our land  
Over 100 of these fine ranges sold in this city during the past fifteen months is the strongest argument of its superiority it is possible to make. It is the **ONLY RANGE MADE** carrying a 25 year wearing guarantee. No Range makes cooking such a pleasure as does a Peninsular.

**SOME REASONS WHY**

**FIRST**—It requires no blacking, has a polished top, just keep it wiped off with a cloth.

**SECOND**—It will heat and bake as quick as gas. With a little kindling and a few chunks of coal you will have a red hot stove before you can get dressed in the morning.

**THIRD**—It is absolutely airtight, controlled by a duplex draft, causing it to consume all gas as it generates, thereby saving one-third the fuel.

**YOUR OLD RANGE OR STOVE TAKEN IN PART PAYMENT.**

You will notice that it has a large, square oven, and an extra wide but shallow fire box. The range rests on a cast iron base making it extra strong and durable. One of the greatest features is the height of the working space, it being 33 1-2 inches from the floor. This enables you to prepare your meals in a comfortable way, and obviates the necessity of bending over a low base range. Study the cut carefully and you will find more desirable and needed features than in any other range at a like price.
