Canal Benefits Roosevelt's Aim

COLONEL'S ELECTION ASSURES PROSPERITY IN WEST.

Progressive Party Sentiment on Pacific Coast Largely Based Upon Desire of People to See First Ideals Win.

One of the main reasons why Roosevelt sentiment is so pronounced in the Northwest, and particularly in Oregon, is because the people of this section realize that Colonel Roosevelt was the man who made possible the building of the Panama canal, and all that this means to the Pacific Slope states. It was due to the indomitable perseverance of Mr. Roosevelt that the United States acquired the Canal Zone, and it was likewise due to his energy and forceful leadership that the early progress upon the big ditch was of such a nature that the following administration was enabled to make extremely rapid headway.

If this were not alone sufficient to assure Roosevelt the support of the Northwest, which will benefit in many ways by the completion of the canal, the words of the Progressive Party platform promise even more for the West. "We demand that the canal shall be so operated as to break the transportation monopoly now held and misused by the transcontinental railroads," declares this document—and the victory of Mr. Roosevelt at the polls means that this will be carried out.

He Forced Canal Through.
In forcing the construction by the United States of the Panama canal, and in making United States control possible at the Isthmus, Mr. Roosevelt built far better than he knew. He was planning for the future when he took a hand in this work, planning for the future of the Pacific Slope and the Northwest. Now, many years later, he finds that these plans of his are in danger of being stifled by the laxity of the present Taft regime in Washington, and he also finds the people looking to him as their champion to step back into power and see that original ideas are carried out.

Just as surely as the Northwestern states are preparing for the influx of business and settlers that will follow the opening of the Panama Canal, it will be found that their people are also planning to make the canal of service to them by placing in office as national executive the man and the party that will develop to the fullest the dreams and hopes of Atlantic-to-Pacific trade. Oregon people in particular realize that the canal will not be of benefit to them unless canal affairs are administered as originally planned, and they believe that the safest way to guarantee such administration is to elect Theodore Roosevelt as president, and to place in office as his aides candidates upon the Progressive Party ticket all down the line.

necessary, and this the Sandridge has.

The Observer does not wish to minimize any other apple district in the northwest, but it is true that no better apples can be grown in the world than the commercial apple that is raised on the Sandridge. There he fruit growers have organized and use the best system known for pruning, spraying and thinning. The orchards look right. They are cared for

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, building up the constitution and assisting in giving the patient strength by living nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

in a way that gives symmetry and grace and at the same time makes it easy to pick and handle the fruit.

People in the orchard business in the Imbler-Allice district love their work. They talk apples, eat apples and sell apples. They know that good apples are always the price asked and inferior apples are like inferior pigs—hard to sell. Therefore they are working to raise good apples and they are succeeding remarkably well.

Colonel Declares the Progressive Fight Must Go Just the Same

PRINCIPLES ARE AT STAKE

ANOTHER DAY PASSES WITHOUT VARIATION IN CONDITION OF THE PATIENT—PHYSICIANS ARE OPTIMISTIC.

Chicago, Oct. 17.—Campaign activities should not cease because of Colonel Roosevelt's attempted assassination, so far as he is concerned.

The following statement was issued by Colonel Roosevelt today at Mercy hospital in answer to what Mr. Bryan said yesterday in his speech at Franklin, Ind.:

"I wish to express my cordial agreement with the manly and proper statement of Mr. Bryan at Franklin, Ind., when in arguing for a continuance of the discussion of the issues at stake in the contest he said: 'The issues of this campaign should not be determined by the act of an assassin. Neither Colonel Roosevelt nor his friends could ask that the discussion be turned away from the principles that are involved. If he is elected president it should be because of what he has done in the past and what he proposes to do hereafter.'"

Roosevelt Demands Discussion.

"I wish to point out, however, that neither I nor my friends have asked that the discussion be turned away from the principles that are involved. On the contrary, we emphatically demand that the discussion be carried on precisely as if I had not been shot."

"I shall be sorry if Mr. Wilson does not keep on the stump and I feel that he owes it to himself and the American people to continue on the stump."
