## Sulphurro Finds Many Friends In Far Away Lands

New Sulphur Preparation Doing Good in England, France and Other Countries Across Sea

Sulphurro's success in the cure of disease abroad, as well as in its own land, is additional testimony to its effectiveness as a curative agent in cases of rheumatism and all blood, stomach and skin disorders. It has been sent to almost all foreign countries.

The most recent endorsement of Sulphurro from abroad comes from C. Dormoy, 28 Rue la Paroisse, Fontaine-bleau, Seine and Marne, France. M. Dormoy, who has retired from active connection with the prominent house of C. Dormoy & H. Nagnel, successors to Ed. Le Grand, 4-6 Rue d'Hauteville, Paris, was for a long time a sufferer from rheumatism. Through a friend, Mr. Bradshaw, a member of the wholesale millinery house of Bradshaw Bros. Minneapolis, M. Dormoy learned of Sulphurro, made in far away Seattle. So enthusiastic was his informant over the power of Sulphurro to cure rheumatism by purifying the blood and driving out the poisons that produce the disease that the required French business man at once sent for a supply of the medicine, and now writes that he is making wonderful progress toward complete recovery. A few days ago came a letter from Mrs. S. Guildford, 199 Cornwall Road, Notting Hill, London, England, praising Sulphurro for its curative effects. Sulphurro is on sale at all drug stores in 50-cent and \$1 bottles. Accompanying it is the Sulphurro booklet. The C. M. C. Stewart Sulphur Co., 71 Columbia St., will gladly mail you a booklet free upon request.

We favor:

1. —Suffrage for women on the same terms as for men.
2. A uniform marriage and divorce law. The extermination of polygamy and the complete suppression of the traffic in girls.
3. Absolute protection of the rights of labor without impairment of the rights of capital.
4. The settlement of all international disputes by arbitration.
5. The abolition of child labor in mines, work shops and factories, with the rigid enforcement of the laws now flagrantly violated.
6. The election of United States senators by direct vote of the people.
7. A presidential term of six years and one term only.
8. Court review of postoffice and other departmental decisions and orders; the extension of the postal savings bank system and of rural delivery, and the establishment of an efficient parcels post.

14. Efficiency and economy in governmental administration.
15. The protection in one day in seven as a day or rest.
