A PLAY WITH REAL PURPOSE

The presentation by the United Play company, (Inc) of Charles Klein's latest play, "The Third Degree" at the Steward with a cast of sterling players of acknowledged reputation should attract unusual attention. Mr. Klein has in this play written and even more virile and vital contribution to dramatic literature than he did in "The Lion and the Mouse". The scenes are laid in New York and deal with a certain condition of social life in which society leaders, both male and female, are the central figures. In working

out the story, the author attacks the method used to pick out those entitled to social preferment, the distinction accorded only by heritage and birth. This play marks a step forward in the evolution of the drama, the tendency of which is to deal with conditions that exist and which by reason of the public apathy, are allowed to continue. Play goers will find much to interest them in "The Third Degree", and undoubtedly it will mark an epoch in the theatrical history of the city.

PENINSULAR

Steel Malleable Ranges

are the World's leaders in houses of our land
Over 100 of these fine ranges sold in this city during the past fifteen months is the strongest argument of its superiority it is possible to make. It is the ONLY RANGE MADE carrying a 25 year wearing guarantee. No Range makes cooking such a pleasure as does a Peninsular.

SOME REASONS WHY

FIRST—It requires no blacking, has a polished top, just keep it wiped off with a cloth.

SECOND—It will heat and bake as quick as gas. With a little kindling and a few chunks of coal you will have a red hot stove before you can get dressed in the morning.

THIRD—It is absolutely airtight, controlled by a duplex draft, causing it to consume all gas as it generates, thereby saving one-third the fuel.

YOUR OLD RANGE OR STOVE TAKEN IN PART PAYMENT.

You will notice that it has a large, square oven, and an extra wide but shallow fire box. The range rests on a cast iron base making it extra strong and durable. One of the greatest features is the height of the working space, it being 33 1-2 inches from the floor. This enables you to prepare your meals in a comfortable way, and obviates the necessity of bending over a low base range. Study the cut carefully and you will find more desirable and needed features than in any other range at a like price.
