Y. M. C. A. NEWS MENTION

This week appears the first of a series of articles on "The possibilities of a Y. M. C. A. in La Grande". Mr. C. M Humphreys, the writer of the following letter has spent fifteen years in the service of the railway and knows whereof he writes

La Grande, Oregon, November 12, 1912—Mr. J. H. Rudd, secretary La Grande Y. M. C. A.—Dear Sir:—In reply to your question, "Does La Grande need a Y. M. C. A. on account of it being a railroad town," there is only one way in which I can answer this question. Yes, is that answer as speaking from personal experience. I have often seen the need of such an institution at this place. La Grande being a railroad division point it necessarily becomes the home of many men in both engine and train service. The men engaged in this service need such a home as would be offered by the Y. M. C. A. as today the railroads require the best men the country affords. In the exacting service required of the men only the best surroundings should exist, as under this condition only are the men enabled to give the service required of them. When thrown on their own resources they often fall into habits that unfit them wholly for the best interests of their employer and of themselves. Long hours of strenuous work demand a recreation that will fit them for the best they can give when on duty and this recreation can only be found in a well managed Y. M. C. A. home. No one responds more quickly to the welcoming hand extended by such an institution, than does the rail road man and wherever such institutions are located, one can always find them well patronized by the railroad fraternity in general.

Our city can afford no gift of more value to one of her greatest resources than to give to the railroad men of this community a home such as the Y. M. C. A. would furnish. As an advertisement, it would be heralded the country over that the city of La Grande was a good place to locate as the railroad boys could find a welcome hand extended them, as nowhere else. From this the railroad itself would profit largely as only the best men obtainable would locate here and enter its employment, rendering service that would be of inestimable value to the company which in turn would be enabled to give better public service, all being to the mutual advantage the company, the men and the community. Yes, certainly La Grande needs a Y. M. C. A. home, for the railroad boys, if for no other reason.

The Concert.

In spite of other attractions and bad weather the concert given last Monday night for the benefit of the local Y. M. C. A. was well attended. The program as rendered was splendid. All who listened to the many excellent numbers were satisfied that they had received three or four times more than they had paid for. The profits from this entertainment will go toward the purchase of new gymnasium apparatus. The association through this column wishes to thank those who took part, for their splendid support.

Harris Humble wins the $2.00 prize for the boy selling the most tickets. He sold fifty-four. Miss Blanche Clark takes the girl's prize with a sale of thirty-six.

Men's Meetings.

Last Sunday afternoon in the Y. M. C. A. a few men gathered for the first Big Sing and Men's meeting. A very enjoyable hour was spent. These are to be a regular part of the association program during the winter. Next Sunday afternoon this meeting will combine with the meeting to be held for men and older boys at the Episcopal church. Archdeacon Webber is the speaker. We are indeed fortunate in having this opportunity of hearing this man deliver his message.

WHEN THE ALARM CLOCK RINGS

Do you snuggle a little deeper in the covers and wish with all your might that you didn't have to get up in the cold to dress? Well, you're not the only one. There never was but one man in La Grande who liked to get up in the cold, and he moved away.

Here's a suggestion; get one of our

Luminous Electric Radiators

Then when the alarm br-r-r-s!, press the button, and in a **very few** minutes your cold bedroom will be warm enough to dress in. Try it just once.

Luminous Electric Heaters cost about as much to run as an electric iron. They furnish the ideal method for warming up bedrooms, bathrooms, cozy corners, etc. On display at our office.
