PARENTS

Do You Know?

That the child gets the first of its

PERMANENT TEETH when about six years old. These teeth appear before any of the temporary teeth are shed. They should be carefully looked after and preserved.

This is something that vitally interests you. If you want healthy children. I will be pleased to consult with you about their care.

Declare War on Cold.

A crusade of education which aims that common colds may become uncommon within the next generation has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid fresh air."
"Don't stuff yourself at meal time. Over eating reduces your resistance." To which we would add--when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all druggists.

WHEN THE ALARM CLOCK RINGS

Do you snuggle a little deeper in the covers and wish with all your might that you didn't have to get up in the cold to dress? Well, you're not the only one. There never was but one man in La Grande who liked to get up in the cold, and he moved away.

Here's a suggestion; get one of our

Luminous Electric Radiators

Then when the alarm br-r-r-s-t, press the button, and in a very few minutes your cold bedroom will be warm enough to dress in. Try it just once.

Luminous Electric Heaters cost about as much to run as an electric iron. They furnish the ideal method for warming up bedrooms, bathrooms, cozy corners, etc. On display at our office.
