The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near **NEW YORK CITY**. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our **SALES DEPARTMENT** has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as **VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC.** urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

WE ARE SELLING PHOTOPLAYS WRITTEN BY PEOPLE WHO "NEVER BEFORE WROTE A LINE FOR PUBLICATION."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure,

DEPOSITORS GIVEN OFFERS

GOVERNMENT BONDS CAN BE OBTAINED EASILY.

Depositors in Postal Banks Can Convert Cash to Bonds.

Methods provided by the Postal Savings department that make it possible to convert deposits into government bonds, are explained in a statement of instructions from the department to Postmaster G. M. Richey. The instructions governing this phase say:

1. By applying on or before December 2, 1912, depositors of the Postal Savings system may exchange the whole or part of their deposits for United States registered or coupon bonds of denominations of \$20, \$100, and \$500, bearing interest from January 1, 1913, at the rate of 2 1/2 per annum, payable semi-annually, and redeemable at the pleasure of the United States after one year from the date of issue, both principal and interest payable 20 years from that date in United States gold coin.

2. Postal savings bonds are exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal, or local authority.

3. Applications for the conversion of deposits into bonds on January 1, 1913, must be received on or before December 2, 1912, by the postmaster at the depository office where the certificates were issued. The postmaster will supply an application form, which must be made out in triplicate. The depositor must endorse and surrender with his application postal savings certificates covering the amount of bonds desired for which the postmaster will give him a receipt. The bonds will be issued by the Secretary of the Treasury, and as soon as they are ready will be delivered to the applicants.

4. The conversion of deposits into bonds at a date less than one year after the certificates began to bear interest forfeits interest on the deposits as in the case of withdrawal by any other purpose.

5. Postal savings deposits converted into bonds are not counted as a part of the maximum of \$500 allowed to a depositor, and there is no limitation on the amount of available postal savings bonds which may be acquired finally by the depositor. The exchange is considered as taking effect on January 1, and a depositor

who has applied to convert into bonds all or part of the maximum balance of \$500 may deposit an additional amount in January, though the bonds may not yet have been delivered.

6. Postal savings bonds can be procured only by the conversion of postal savings deposits and will not be issued to persons who are not depositors. They may be sold or assigned to any person, however, by the holder, and when a registered bond is assigned a new bond will be issued in the name of the owner.

Registered and Coupon Bonds.
7. The depositor's application must indicate whether bonds are desired in registered or coupon form. Coupon bonds are preferable for a depositor who intends to hold them for a short time only and who has ample facilities for their safe keeping. These bonds are payable to bearer, and the title will pass by delivery without endorsement. Interest on coupon bonds is collected by means of interest coupons, which are detached by the holder as they become due.

Registered bonds are preferable for persons intending to hold them for a considerable period, and they differ from coupon bonds in the following respects:

(a) They have inscribed upon their face the names of the persons to whom they are issued.

(b) They are payable only to the persons to whom issued or their assigns.

(c) The ownership of registered bonds can be transferred only by assignment in proper form.

Assignment of Bonds.
8. Registered bonds are assigned by the use of a form printed on the back, properly dated and acknowledged. When the assignment is made by mark, it must be witnessed by at least one person other than the officer before whom it is made. A ledger account is opened in the treasury department at Washington with each holder of one or more registered bonds, and when such bonds are assigned they should be transmitted by the new owner to the secretary of the treasury (division of loans and currency) for transfer on the books of the department. Registered bonds can not be exchanged for coupon bonds, without charge, at the request of the holder.

Assignment by Minors.
9. Under the regulations of the treasury department a minor can not assign registered bonds without the consent of a duly appointed guardian or trustee, evidence of whose authority must be submitted. A minor has the right to convert his postal savings certificates into registered bonds, but if he should desire to assign the bonds during his minority he must comply with the regulations. This difficulty does not exist in the case of coupon bonds, which are transferred by mere deliv-

ery.

Payment of Interest on Bonds.

10. Interest on registered bonds is paid by checks drawn at the Treasury department in favor of the registered holder. These checks are sent by mail to the post-office address of the holder, and the holder of a registered bond should notify the Secretary of the treasury (division of Loans and Currency) of any change in his postoffice address at least 15 days before the interest falls due. Checks for interest on registered bonds, as well as interest coupons detached from coupon bonds, are payable on presentation at the United States Treasury or at the office of any assistant treasurer of the United States. Interest checks and coupons covering interest on postal savings bonds may be cashed by postmasters under the same conditions as other government paper.

Bonds Lost or Destroyed.

11. Payment on registered bonds that have been lost or stolen may be stopped by notifying the Secretary of the Treasury (Division of Loans and Currency) at Washington. If coupon bonds are lost the government does not undertake to protect the owner against the wrongful holder, but recognizes the bearer only. The owner has recourse only to such means as he could use to recover any other valuable property. When bonds, either registered or coupon, have been destroyed wholly or in part, or defaced, a claim may be filed with the Secretary of the Treasury under certain prescribed conditions for their replacement. Such claims will not be allowed for coupons which have been detached from coupon bonds.

SULPHURRO ENDS SCIATICA.

All Symptoms Disappear in a Short Time, Writes Mrs. J. J. Jacobs.

"When Mr. Jacobs began the use of Sulphurro he had been afflicted with Rheumatism for about two years," writes Mrs. J. J. Jacobs, of Coupeville Wash., to the C. M. C. Stewart Sulphur Co., Seattle, Wash., makers of Sulphurro. "The pain in the sciatic nerve of the right leg was very severe, causing him to limp quite badly. Also, the elbow joints were affected. It seemed as if the cords and joints were being pulled out, as he expressed it.

"All these symptoms disappeared in a very short time after beginning to take Sulphurro, and he has never had the pain since."

Sulphurro has cured thousands of cases of Rheumatism in the brief period it has been before the public. By purifying the blood it puts an end to blood, skin and stomach disorders. 50 cents and \$1.00, at all druggists.

Butter hit the incline recently, with wholesale prices forcing retailing merchants to jump the two-lb. roll prices to 80 cents. Should another cent or two be tacked to the wholesale price, the pound roll is due for a jump likewise. Two pounds are selling at 80 and one lb at 40 cents today. The butter price has been bullish over the country for the past several weeks and the rise here was not unexpected.

MRS. ROBT. PATTISON,

We are going to tell you something about Grand View Addition. This Addition is located at the end of the Macadam Road leading from Adams Avenue. It has a gentle slope to the north, and is not rough or cut up in the least. It is set to apple and cherry trees, all of the very choicest varieties. The trees are nearly two years old and show a very healthy growth. The soil is a dark loam, and of good depth. There are building restrictions, and homes in this addition will soon be in great demand, as there are many of our business men who will have their homes there. It is close to town, with good roads leading right to it. It is becoming more attractive as the trees become older. It is laid out in acre lots. This is a decided advantage. The Addition overlooks Grande Ronde Valley, than which there is no more beautiful spot in the world.
