### Declare War on Colds.

A crusade of education which aims that common colds may become uncommon within the next generation has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

- "Don't sit in a draughty car."
- "Don't sleep in hot rooms."
- "Don't avoid fresh air."
- "Don't stuff yourself at meal time. Over eating reduces your resistance."
- "To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all druggists."

### Grangers in Conflict.

Spokane, Wash., Nov. 20.—Between now and November 23 battle lines will be drawn closely between conservatives and insurgents in the National Grange, now holding its annual convention in Spokane, and decision on a number of vital questions will be reached.

One of the principal demands of the insurgents is reinstatement to membership in the national body of Geo. B. Hampton of New York and James Heim of Michigan. While the executive committee, the "regular authority" was meeting in one hotel, a caucus of insurgent delegates under the name, Conference of Progressive States, held a session in another hotel, presided over by State Master W. T. Creasey of Pennsylvania. The conference is making a determined campaign to secure the revocation of a rule adopted at the Colu mbus convention last year, empowering the national grange to expel members for a subordinate granges.

The first victory for the insurgents came in the unanimous adoption of a resolution congratulating states that have granted suffrage to women.

One of the important acts of the convention is adoption of a recommendation that immediate steps be taken to secure physical valuation of all railroads in the United States, upon which valuation freight rates may be based. Postal express and government ownership of telegraph lines also are favored by the adoption of a report of the transportation committee, headed by State Master C. E. Kegley of Washington.

National Master Oliver Wilson of Illinois reported that in a little more than a year \$18,000 had been devoted to extension of grange. "The use of this fund," said Mr. Wilson, "has accomplished more this year than in any year since 1876. One new state, on Montana, has been organized, and Wyoming is about ready to follow. It is likely the same extension work will continue the coming year."

### KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some La Grande People Know How to Save It.

Many La Grande people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers.

The following statement leaves no ground for doubt.

Mrs. Cella Badger, Union, Oregon, says: "For four years I was afflicted with dropsy. My hands and feet swelled greatly and I had puffy spots beneath my eyes. My back ached intensely and there were acute pains directly over my kidneys and in my left shoulder. The kidney secretions were unnatural and that plainly convinced me that I had kidney complaint. Reading of similar cases where Doan's Kidney Pills had been taken with benefit, I was led to try them and they gave me relief. I have since kept this remedy in the house and its use has
