GEO. H. CURREY REAL ESTATE

NOTHING EQUALS S.S.S. FOR OLD SORES

Nothing equals S. S. S. as a cure for Old Sores because nothing equals it as a blood purifier. The source and supply of every chronic sore is impure blood; the circulation is infected with germs and morbid accumulations which are being constantly deposited into the open place. This causes ulceration and inflammation of the flesh tissues and produces a condition upon which salves, washes, lotions, etc., can have no curative effects. The blood must be purified of all infectious matter before the circulation can nourish the flesh tissues and stimulate them to the healthy condition necessary to heal the sore. S. S. S. heals old sores by going down to the fountain-head of the trouble and driving out the germs and morbid matters which are keeping the ulcer open. Then as new, rich blood is carried to the place, the healing begins; all discharge ceases, the inflammation leaves, new tissue and healthy flesh are formed, and soon the ulcer is well. You are not wasting time when you use S. S. S., but you are giving yourself the benefit of the very best treatment for old sores. Book on Sores and Ulcers and any medical advice free. S. S. S. is sold at drug stores.

Edmonton Is Improving.

Edmonton, Alta., Nov. 23.—Two hundred and twenty-seven local improvement districts comprising the settled areas of the province of Alberta, wound up their affairs on November 15, when the rural municipality act, passed by the last legislature, became operative. The change involves a complete revision of the map of Alberta in the government of the farming communities.

Fifty-six rural municipalities have been entrusted with wide powers of self-government. In addition there will be 110 districts with the limited powers previously granted to smaller communities. Nominations for councilors of the rural municipalities will be made on December 2, the elections taking place a week later. Nominations and elections will take place in January in the district where the real dents have not taken advantage of the act.

Meanwhile the department of municipal affairs for Alberta, headed by Hon. Charles Stewart, minister, and John Perrie, deputy minister, will have charge of the affairs. The department has two auditors at work supervising the work of winding up the affairs of the local improvement districts. Just what this means will be better understood when it is known that the province of Alberta is 50 per cent larger than the state of Texas and that the settled areas are more widely apart than the Lone Star state.

"The work is going ahead in a satisfactory way," Mr. Stewart said, and I believe the people will be satisfied with it."
