Citizens and Taxpayers.

I announce myself a candidate for
councilman in the Second ward and
ask your assistance in the coming
election.

I believe in applying the same
economic business principle in ad-
ministering city affairs that I would
successfully use in a large private
business.

I believe in conserving the inter-
est of the taxpayers, requiring effi-
ciency in all city departments, abso-
lute fulfillment of agreements from
all contractors; and do object to the
suppression of competitive bidding
where contracts are to be let.
