

SHERRY'S MAKES GOOD AGAIN

CUTTELL BROS. MAKE BIG HIT AT PLEASANT THEATRE.

Crowds Applaud Vigorously at the Splendid Acts This Week.

Since the opening of the "house of comfort" to vaudeville a short time ago some splendid acts have been given. The popular Hayes Sisters delighted the show going public for one week with acts that were new and of a high class and as the house is now getting its performers from one of the largest circuits in the east with a branch office just established in Denver the management is able to secure some splendid attractions.

For the first half of this week there is Cuttell Bros., a cracker-jack team of novelty bag punchers that do some of the cleverest stunts of this kind ever placed before the public. Cuttell Bros. are headliners on a dare off the big time, having closed the Oaks theatre in Chicago just three weeks ago and have hit only a few of the high places on their way west. Winston and Snowden, singing and dancing, are clever performers and Miss Snowden in her dainty toe dance is in a class by herself. They, too, are direct from the east leaving Omaha four weeks ago. The acts booked for the last half of the week are distinct novelties and are highly recommended. Such acts together with the very newest and best photoplays produced by the licensed manufacturers, gives the show-going public of La Grande a performance that is not duplicated in cities that are many times as large.

Fine Pictures at Arcade.

An extra good program was the verdict of the large crowd present at the Arcade last evening. In Time of Peril, a picture play by the Thanhouser company, is especially good and is thrilling and sensational enough for anyone. There are five other pictures and all above the average. The bill closes with two acts of vaudeville, both comedy acts. In the Gaumont Weekly shown tonight are some very interesting scenes of the laying of the corner stone of the new Catholic hospital at Baker City. Several La Grande people were present and can be recognized in the picture.

Entire change of pictures tomorrow, including a big feature film.

GUILTY OF MURDER

Guilty of murder in the first degree, was the verdict rendered by a large audience against "The Missouri Girl" and her associates at the Yakima theatre on Thanksgiving day. The company was duly sentenced to play a return date. The murdered parties, Messrs. Grouch, Blues and Despondency, were very unpopular in that community and had no sympathizers. "The Missouri Girl" is a "Show me" production and will appear at Steward's opera house on Tuesday, December 10th.

Skaters Make Merry.

The Park lake was the scene of human animation all day Sunday. There was a jolly crowd of skaters of both sexes gliding swiftly over the glassy surface of the ice. Fun was rampant and falls were numerous, affording genuine enjoyment to the rest of the crowd.

One fat fellow who was exhibiting his skill before some ladies suddenly fell through. The yells that greeted his misfortune could have been heard a mile away. Another young man in chasing a ball went too close to thin ice on the upper portion of the lake and went through up to his chin in the cold water. A lady on the bank shouted loudly for help and the other skaters promptly fished him out. He made a hurried run for home apparently none the worse for his cold bath.

INFLUENCE OF WOMEN

(Continued from Page 1)

Collier, who was the strongest candidate in the race against Dr. Hall, said today: "I am deeply grateful to all those who supported me for mayor, and especially do I wish to thank the ladies of La Grande for the active part they took in my behalf. I regret that we were not successful on account of my friends, but it was evidently the will of the people that our opponents should win and we must of course, abide by the will of the people."
