RUBY BROWN AND CHORUS IN THE BIG MUSICAL SUCCESS, "THE RED ROSE," AT THE STEWARD DECEMBER 14.

A Vancouver, B. C. paper says of "The Red Rose" that comes here with five carloads of people and scenery Dec. 14:
It was just like one of the nights gone by at the old opera house. The audience was enthusiastic, the show the best of its kind this season, the artists clever and the music ringing, haunting and always tuneful. It might be added that the costumes and scenery also were splendid and as one more addenda that the occasion was "The Red Rose" at the Imperial. Vancouver needs a theatrical stimu-

lant such as this just to keep her taste from getting dormant while real theatres are being built.
"The Red Rose" is exhilarating, so much so that it leaves the senses bewildered. It romps along through a mass of fun and frolic and song—all of the best—until the final chorus. It is the prettiest light opera that has been sent out since "The Merry Widow" and it is a question if the music and libretto are not even more satisfying than that popular piece.
Miss Zoe Barnett was the star last night. She suffered from a cold, but

she sang and danced as charmingly as ever, and she proved herself a real actress of temperament by her quick changes from grave to gay. All of Lola's songs made a hit and half of Vancouver today is whistling the haunting "Come Along My Charles." To Walter Catlett, as Sulezol the picture dealer, must be given the comedy palm. It was one long laugh when he was on the stage and the risible wave was carried along by Charles Clear, who gave a clever caricature of an English Johnnie and sang and danced admirably.

How to Bankrupt the Doctors.
A prominent New York physician says, "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effectual and is pleasant and safe to take.
