

Chance to Obtain a Small Home Away Below Cost

A nice four room house on the corner of N. Fir and Y avenue. Two lots, city water, sewer facilities, street improvement now in course of construction; near school house. The owner has moved away and has cut the price from \$1200.00 to \$840.00. Enough said; go and look at the property, bring in your money and own a home that will not only increase in value but is considerably below the cost of production. Here is a proposition where cash talks.

House To Rent

A seven room modern house in the western portion of the city one block from paved street. The rental is only \$20.00. Can get lease until spring.

I have two 80 acre farms that the owners will take city property anywhere from \$1500 to \$2500 for, that are worthy of investigation by any who might have property to exchange. If interested call at office.

EXPRESS RATES TO BE FIXED.

Must Show What They Charge the Shipper Under Present Rates.

Washington, D. C., Dec. 14.—The interstate commerce commission recently notified the express companies of certain proposed rates that are to go into effect. If the proposed rates become effective they will save the shippers of all kinds of commodities, millions of dollars. The order will force the companies to show what they are charging the shippers under the present rates, and makes a comparison of what will be charged if the suggested rates become effective.

Union Wants Brickyard.

There is an opening for some live man in starting a brick yard in Union. Many thousands of brick will be needed next season and they should be made right here in Union. The present tariff of \$2 per thousand from the kiln to Union should be saved to the builder. Where is the man who will start a brick yard in Union?—Union Republican.
